OCC Women Win Dad Center Race

By Kelly Hutchinson

Water conditions for this year's Dad Center long-distance canoe race were quite a bit rougher than in previous years, but the conditions didn't stop the Outrigger women from winning.

From the start of the race until the finish, Outrigger was far ahead of the rest of the pack. The winning crew consisted of Lesline Conner, Muffer Scully, Tiare Finney, Tracy Phillips, Sandra Stanley, Mary Franco, Jeanie Jenkins, Kaiulu Downing and Katie Bourne.

Outrigger's second crew consisted of Mary Mason, Paula Carbone, Kisi Haine, Tammy Rones, Patty Shamis, Susie Williams, Lorlee Strom and Pua Fowler. The second crew came in third place overall.

These women have been working long and hard all summer to achieve these victories. Not only have they been successful in this race, but all season they have usually placed first. Congratulations to all of you.

Memorial Plaque

An ad hoc committee has been appointed by the Board of Directors to formulate plans for a memorial plaque to be placed in the beach area. On it will be the name and year of death of members who rest at sea in front of the Club, as well as off the old Club.

Landscape architect Ray Cain will design the memorial area, which will be unveiled next Memorial Day. Pat Olds is chairman of the planning committee, which includes Gene Long, Ken Brown and Roy Kesner.

Please print or type the names of deceased members of your family and the years of their death and leave at the front desk. This will insure their names being included on the memorial plaque.
