## Coach's Corner

*By Brant Ackerman, Head Coach*

I must say I was more than pleased with the results of our scrimmage with Lokahi. It was an overwhelming success! I would like to thank everyone who came to help out as well as those who participated in the paddling, picnic and the Club spirit that made this a fun day for all. By the way, most events were recorded on tape, so ask your coach to show it to your crew.

Although we did very well, we must not get complacent. We should look at each regatta as an opportunity to better the performance of the prior week.

By the time this edition goes to press, we will be putting the finishing touches on our crews for the double hull race. By the time this edition is distributed, the double hull, Kailua, Leeward Kai

and Waimanalo regattas will all be history. It is therefore very important that everyone be prepared as best they can for our own Walter MacFarlane regatta on July 4th! As you all know, this is the best regatta of the season and we should start the party off right with a Club victory at Waikiki Beach.

The only other item I would like to mention is the Oahu Championship on July 31 at Keehi Lagoon. While every race is very important, we should all start to focus on the Oahu Championship. This regatta will help you prepare for the state race on August 13th. It's a great chance to "fine tune" and compete with the best.

Again I'd like to thank everyone for their support and effort.

# The Nationals: 1-2-3

By Tom Reiner

The Outrigger Canoe Club teams won a first, a second and a third on the final day of the 53rd U.S. Volleyball Association nationals at Memphis, Tenn.

The Masters, (35 years and older) led by Jon Stanley, (most valuable player) and defending national champions, defeated Legends of San Diego; (5-15, 15-8, 15-7). The Masters All-American selections for First Team were Tom Madison, Jon Stanley (MVP) and Dave Shoji. Honorable Mention All-American: Tom Selleck.

The Outrigger men's open team won their pool. OCC defeated Ultimate Sports (13-11, 12-15, 15-5), and South Bay (11-15, 15-11, 15-8). Then it happened—Nautilus Pacifica defeated

OCC (15-11, 15-6) and Outrigger was in the losers' bracket. OCC defeated Malibu Volleyball Club (15-7, 2-15, 14-8) and Converse (15-6, 15-10).

The next day the OCC open team defeated Texas Stars (15-9, 15-8) in the final of the losers' bracket to meet the winners of the winners' bracket, Nautilus Pacifica. The Championship was won by Nautilus Pacifica (9-15, 11-11, 15-4)—OCC was second. The Rookie of the Year was men's open team member John Hanley, Men's open All-American 1st Team was Mark Rigg and Craig Buck.

OCC's Golden Masters (45 and older), the defending National Champions, won their pool but later lost one

match to place them in the losers' bracket. The final four teams were Ringwood, New Jersey; Virginia Beach, VA, OCC and Kansas City. Ringwood beat Virginia Beach for 1st place; Virginia Beach was 2nd place. OCC beat Kansas City, the team that had put OCC in the losers' bracket for 3rd place.

The games were split up between the Memphis State gym and the Naval Air Station gym. This made it hard for the players to watch the other games, as they were either playing or in a car traveling to another location.

It must be noted that all of the Outrigger teams were the favorites of the spectators.

## Volleyball Update

*An open letter from Tony Crabb, Coach, USA Men's Olympic Volleyball Team to Ron Sorrell, Director, USA Men's Olympic Volleyball Team*

Dear Ron:

Here's an update on the USA Men's Olympic Volleyball team tour with Cuba. We left San Diego on April 1 and arrived in Ft. Lauderdale that afternoon. We had to charter a plane to

Havana and found a company called the Red Charter—the plane was an old (1943) DC-3 and flew like it was 40 years old.

Anyway, Cuba reminded me of Hawaii—warm and tropical with lots of similar flora—mango trees, papaya, coconut, guava, banyan and, of course, the ever-present sugar cane.

The Cubans were very strong and deep. Their bench strength was awe-

some, and they work the ball. Of five matches, we were lucky to win one. The match scores: 1-3, 2-3, 0-3, 3-0 and 0-3. Our final match, played in Havana, was a disaster—they really crushed us.

We are all in San Diego now, back to four hours of daily practice, jump training and weightlifting. Our next tour is with Canada in one week and then nothing until we go to Finland and Poland (see enclosed schedule). The most important tournament for us this year is the Zone Championships in July in Indianapolis. We will hope to beat the Cubans there for the gold medal.

Aloha, Tony

## Roughwater Swim Again

By Gerry DeBenedetti

This is the first brief notice to swimmers that the Roughwater Swim will again take place on Labor Day, September 5, off the OCC channel. We will try to get more details to you via *The Outrigger*, but check the swimming bulletin board in the tunnel because the availability of application blanks and press deadlines may not coincide.

The following information is now available:

- Monday, September 5, 1983
- 9 a.m. start at Sans Souci Beach for either Seniors or youth group; second group to follow at probable 30-minute intervals.

- Application blanks will be at the Front Desk when printed. Check the bulletin board for a sample application or leave a note for the Swim Committee—Gerry DeBenedetti or Ian Emberson.

As in the past, the Club will reserve the van and provide an ice chest with oranges, juice and other goodies for thirsty/hungry swimmers. Find the OCC group at the finish line. Those needing transportation back to the Club may ride back in the van.

More details next issue. Start swimming. Keep swimming. Get wet!!

# As the Terrace Turns

By Tillie Terrace

**Bill Kea** attended a meeting of the Volunteer Trustees of Not-For-Profit Hospitals in Washington, D.C. While there he visited with each of Hawaii's Congressional Delegation regarding the Health Care Industry. He'll be off again in June for San Francisco—busy, busy . . .

May 19th was the Big 50 for **Karl Heyer III**. Flying from Honolulu and Kauai for a gathering arranged by **Kuulei Heyer** were **K IV**, **Mark** and **Kim Sassone**, **Al Franco**, **Arden Moore** and **Faye Parker** . . . Also, Tillie overheard that **Rab Guild** doesn't remember "a thing" about his 54th!

Sincere congratulations to **Ava Segovia** who can now be properly addressed as **Dr. Segovia** . . .

Did anyone notice the Outrigger volleyball team featured in *People* magazine and on TV? Of course, **Tom Selleck** being on the team had nothing to do with it . . .

Note from *The Clubman*, official magazine of the Milwaukee Athletic Club, a reciprocal club of OCC: "For the first time in history, two women were appointed to the MAC Athletic Committee." Riggers who have visited MAC recall the "separate but equal" facilities of the club. Way to go MAC! . . . And speaking of club magazines, it's a wonder *The Outrigger* gets published on schedule every month; champagne flowed again at the last PR Committee meeting, this time to celebrate birthdays for **Kelly Hutchinson** and **Joe Teipel** . . .

After many years, **Julie Franco** has given up restaurants for travel. She's the new manager of Sheraton Travel Services . . . **Hal** and **Betty Mahlberg** recently enjoyed a visit from their daughter, **Mona**. She and her husband were taking time off from their thriving cheesecake business in California . . .

**Jim Faries** is back from a long stay on a remote island in the middle of Puget Sound. Though it sounds like a beautiful place, there's no place like Hawaii, right Jim? . . . Off to the Galapagos Islands and Amazon River are **Leighton**, **Linda**, **Rob** and **Maria**

**Taylor** for mainly wildlife photography, though Rob insists on taking a (short) surfboard . . .

**Gerry DeBenedetti** and **Clair Folsome** became husband and wife in June. Congratulations!

Overheard in the "tunnel": When asked what she'd been doing that morning, **Diane Stowell** replied, "Oh, we swam a roughwater." That's the 2¼-mile open ocean swim from OCC to Hilton Hawaiian Village that most of us save for Labor Day. This was a routine Sunday workout for our winning swimmer, who took 3rd place for women 45 at the Windward Half Marathon on May 15th. Time: 1:40 . . .

**Tiare Finney** and **Sherry Rigg** will be joining the ranks of motherhood—happy hapai daze . . .

A great town event in May was Historic Hawaii's walking tour of Manoa residences under the able leadership of **Phyllis Fox** and **Pat Avery**. The old **Guild** home was a highlight . . .

**Dave Cheever** of The Bike Way says business is brisk as so many are "gear-

ing up" for The Tinman, a wildly popular, three-event race. One of the bonuses of Hawaii's Tinman is that you get to cross the Honolulu Marathon finish line twice!! Start stroking, pedaling and running now . . .

**Cynthia Stehouwer** is back from UC Berkeley and will be teaching in Punahou's Summer Sport program. Sister **Carrie** is working at Farrells, leaving only **Sheila** and **Sondra** to carry on at OCC . . .

**Alec "Ace Cool" Cooke**, long-time member and radio surf reporter, deserves congratulations for his 6th place finish in the finals of the professional division of the 12th annual Sandy Beach Bodysurfing Championships. **Bill Melson**, **Michelle St. John** and **Liz Perry** were also there as reps for Bolle Sunglasses, major sponsor of the event. Other sponsors included **Keone Downing** of Downing Hawaii, Sportsworld, and **David Hawell** with Pacific Diamond Exchange. Michelle and Liz were also two of the judges of the male bikini contest. This was won

Paula is taking a sabbatical from her job at Punahou and will be leaving in August for a year with her family in Conn. **Tracy Phillips**, teaching pro at Oahu Athletic Club, is the #1-ranked racquetball player in the State. Tracy, who has been playing for only two years, won the Hawaii Regional Ektalon Championship in March, the Hawaii State Championship in April and placed 3rd in the Women's Open Division of the Ektalon National Championship in Anaheim, Calif. in May. She participated in the National Racquetball Championships in Atlanta, Georgia from June 14-19, and as of printing date the results were not available. Tracy is the daughter of **Margie Howe** . . .

**Lindsay and David Dodge** entertaining at a large table . . . **Hank Lass** dressed in a very appropriate sombrero and serape . . . Those who sat near the "Swinging Amigos" band were treated to an evening of cosmopolitan-Mexican/Spanish music . . . The buffet was filled with tacos, enchiladas, burritos and other Mexican delights. Muy delicioso!!

Full praise for those who helped rescue member **Mike Roddenberry** after his unfortunate surfing accident at "Old Mans," **Paul Manaut** found Mike floating face down and swam him to the channel, **Aka Hemmings** picked him up in a canoe and brought him to the beach, where **Helena Phillips** administered first aid. Lifeguards **Wayne Faulkner** and **Brian Toguchi** ably as-

sisted. All OCC members are encouraged to take the next first aid and CPR class given by Red Crosser **Graydon Woolaway** . . .

"Tutus With Tattoos" was part of the tattoo slide show presented by **Dr. Norm Goldstein** at a Honolulu Rotary Club meeting recently. It seems that Dr. G has other interests than "preventing wrinkles and skin cancers." We understand he has a collection of 12,000 slides of tattoos from around the world, though he showed only 300 to a standing-room-only audience. Says Norm: "Originally I rated the show X, but toned it down to PG . . ."

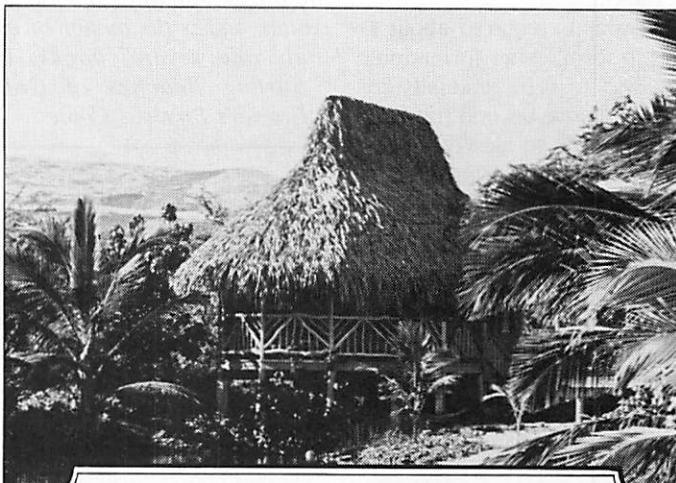

**Jan Newhart** and daughter, **Tracy** back from a month of wandering (and running) in China. They ran together in Wuhan, their OCC shirts a bright splash of color in a sea of dark blue and khaki. Jan also ran in Canton, Kunming, Shanghai and Beijing. Tracy has been attending Chinese University of Hong Kong and to practice her Chinese she took care of arranging all meals, hotels,

transportation, etc. For OCC marathoners, Jan adds that the Beijing marathon is the end of September, the Shanghai marathon mid-March. For applications write to China Sports Service, Beijing, China.

# Hawaiian Hot Spots

By Rick Grigg

Hotspots mean different things to different people. We have all at one time or another been *in* one, or spent a night or two *at* one. But until several years ago, few of us knew that each and every Hawaiian Island owes its existence to a hotspot of a very special kind, deep within the mantle of the earth.

This is a spot, very hot indeed, which exists directly below the Big Island. It consists of an enormous and stationary plume of slowly rising lava from deep beneath the seafloor crust. Above the plume, the seafloor crust (lithospheric plate) is slowly moving to the northwest at a rate of about 3 inches per year.

As the Pacific plate moves over the hotspot, it thins and weakens, allowing vents to fracture upward to the seafloor. It is through these vents that successive eruptions have gradually built all of the Hawaiian volcanoes, some of which eventually became the islands as we know them today.

The largest islands required about 1 million years to form. After formation, their destiny was to drift gradually to the northwest, to move beyond the hotspot and slowly, ever so slowly, begin to sink and erode. Thus the Big Island is still over the hotspot while Oahu, which is 2.2 to 3.4 million years old (Makapuu being the youngest and Waimea the oldest) has moved westward some 200 miles to its present location.

In like manner, Kauai (3.8-5.6 million years old) has moved northwest 300 miles, French Frigate Shoals (11.8 million years old) 700 miles northwest,

*A pioneer in big wave surfing on the North Shore in the middle '50s and winner of the Duke Kahanamoku Surfing contest in 1967, OCC water man Ricky Grigg is attached to the University of Hawaii's prestigious Institute of Marine Biology. He received his PhD in Marine Biology from the Scripps Institute and is the author of many journals and several books, including "Surfing Beaches of Oahu" and "Hawaii's Precious Coral."*

and so on all the way out to Midway, which is 28 million years old and almost 1500 miles from Hawaii. Moving northwest, every major island is progressively older, more eroded and has subsided more than the preceding islands to the southeast.

Halfway up the chain at French Frigate Shoals, all that is left of a once-ma-

jestic volcano are shallow reefs and coral shoals. In fact were it not for coral growth, the Hawaiian Island chain would end at Gardner Pinnacles, the last point in the archipelago where any remnant of lava is still visible above sea level.

Beyond Gardner Pinnacles, the islands continue to sink as they gradually drift northwestward, but coral growth keeps up with sea level to the very end of the archipelago marked by Kure Atoll. There, because of low temperature and light, coral growth ceases to keep pace with erosion and sinking and the islands eventually drown. This is the reason the Hawaiian archipelago ends where it does. This point has been called the Darwin Point in honor of Charles Darwin, who originally conceived that coral islands form atop sinking volcanoes.

So now you know that at least on Oahu we are no longer sitting over a hotspot. For that you have to travel east to the Big Island. Either that, or create a hotspot of your own making. And that, for many of us, may happen sooner than we think.

# May Golf Tournament—Kaneohe

By Jim Landrum, Golf Chairman

On what looked like a lousy day for golf on the town side, 60 faithful members and guests braved the Perils of the Pali to find fantastic weather and playing conditions at the Kaneohe Klipper on May 27th. While on most days the trades there will pluck your eyebrows one-by-one, that Friday's breezes were gentle to non-existent. However, some contestants described the pin placements as no less than diabolical, while others thought the superb greens more than offset this negative factor.

Disregarding such human reactions, Pam (the Slammer) Anderson, a 4 handicapper, nonchalantly toured the links to post the overall low gross of 74 for the ladies. For the men, J. W. Bowen charged around to post a low gross of 78.

Such performances undoubtedly were encouraged by the delightful ambience of the whole day, keyed perhaps by the willing and eager cooperation of the Klipper staff of Pro Terry Young, Clubhouse Manager Ginny Fulkerson

and Starter Louie Lee, and certainly enhanced by what may have been a unique contribution by the players themselves. For the first time in committee memory, each person signing to play arrived and teed off on schedule! Your golf committee noted this cooperation with gratitude and wants you to know that similar punctuality for future tournaments would smooth measurably the committee's efforts.

Perhaps the most remarkable performance among the players was Dick Rowe's net 63 to take overall low gross for men. His gross 84 with a 21 handicap was all the more notable considering other handicaps he currently carries.

Among the ladies, Irene McCormick used her handicap most effectively in posting a low net 69. Her guest, Bettina Cook, showing proper gratitude for being included, zeroed in on the flag at the 135-yard 4th to come closest to the pin, while A. D. Smith's guest, Bill Woodrum, used his built-in range finder on the 185-yard 11th to outperform other men in accuracy.

Eve Anderson, displaying her usual

prize-winning form, ignored the undisputed fact that golf balls have feelings, too, and clobbered one on the 10th for ladies' longest drive. Similarly, Pappy Sears' guest, Buzz Bibby, battered the ball unmercifully all day, capping his prodigious efforts on the 7th to take mens' longest drive.

Anita and Walt Fleischaker and John and Kay O'Donnell, with a great display of synergistic teamwork, beat out by a single stroke the hard-charging foursome of guests Keiko and Dick Thomas and committee members Vic Hawthorne and Hal Mehlberg.

Following on with sterling performances were John O'Donnell (low gross, championship flight), Kay Banning (low gross, ladies' flight), Jonah Cummings (low gross, A flight), and another A. D. Smith guest, Chuck Hogue (low gross, B flight). Corresponding low nets were Bill Harton, Ann Chapman, Rab Guild and Jake Updegrave.

Everything considered, this was a fun and gratifying tournament, to be followed on August 26th by one at Navy-Marine. Eighteen starting times, only. Details in the August *Outrigger*.

# '83 OCC Tennis Championships

By John Michalski

Our Club championships will take place on Saturday and Sunday, August 6 and 7, at the King Street Courts, 2220 South King Street (above Pay 'n Save store). Tom Bowman has been appointed tournament director. Categories include women's singles, men's singles, women's doubles, men's doubles and mixed doubles. Each entrant is limited to two categories.

Signups can be made at the Front Desk or on the tennis bulletin board until the deadline, Wednesday, July 27, at noon. If you sign up a doubles partner, be sure the partner has agreed to play with you. If you do not have a partner, the Tennis Committee will try to find one for you.

Playing times will be posted on the

tennis bulletin board on Friday, July 29, after the Tennis Committee seeds top players and makes a blind draw of the unseeded players. Times are also available by calling Tom Bowman at 533-3033.

USTA rules apply for all matches, which are played with "no add" (or 4-point system). Best 2 out of 3 sets with a 1-hour time limit (except for finals). In case of a tie, a 9-point tiebreaker prevails. There is a 5-minute grace period after which a match can be forfeited. In case of a dispute, the decision of the tournament director is final. Sportsmanlike conduct is expected from all participants!

The Tennis Committee is also planning matches with the Beretania

Tennis Club, Waialae Country Club, Hawaii Kai and the Kailua Racquet Club. As soon as dates are finalized, they will be posted on the bulletin board and publicized through this publication. Tell your tennis-playing OCC friends and come out and join us!

## Missing Towels

Please check to see if you have any towels belonging to the Outrigger. We are losing over a gross of towels a month and this is costing the Club over \$5,000 a year! Please, your kokua would be deeply appreciated.

# Boston Marathon

By Stephanie Marrack

"Go Hawaii!" "Go Outrigger!" "Hey, I've been there." "Who do you 'row' for?" "Hey, what's that spoon in the middle of that 'O?'"

How can you not have the best marathon ever with a half-million spectators chanting and cheering each entrant from the first mile to the last 385 yards of Boston's 26.385-mile marathon?

Since my first marathon in 1977, the Boston marathon has always been my goal. Its history and elitism were appealing but I had no idea of its magic. Boston first began in 1897 and is held each Patriots Day, from the quiet New England village of Hopkinton to the Prudential Center in downtown Boston. It is the world's oldest continuing marathon and is considered the king of marathons. Each entrant must submit proof of qualification. For the open men, the qualifying time is 2:50, a pace of 6:29 minutes :seconds per mile. For open

women, the requirement is 3:20, which calls for a 7:38 pace. Having run a 3:20 in the Honolulu marathon in 1982 I felt I had no choice but to participate in "The Big One."

The national weather service was predicting chilly weather, partly cloudy skies, chance of scattered snow or rain and highs in the 40s. I sighed and thought, "Well, at least it'll be a good story." Wearing a wool hat, gloves, 2 shirts, my OCC singlet shorts, I started the 12 noon marathon with approximately 6,000 other entrants. What could have been a fast downhill (comparable to Monsarrat) start turned out to be a slow shuffle. Imagine 6,000 people starting on Kahala Avenue jostling for position for 3 to 4 miles.

The course was exciting! A natural rolling staircase lined with rocky pastureland, lakes, railroad tracks, small towns with 19-century houses, and not forgetting the girls of Wellesley College at 16 miles. I felt like Dorothy (not trying to sound corny) of the Wizard of Oz rambling through country roads and arriving at the crest of Cleveland Circle

at 24 miles to see the "Pru" looming off in the distance.

At the finish line, I was given a participation medal. My mother, Gertrude Berger, and sister, Tina Berg (my support crew) presented me with a haku head lei made from a bouquet of spring flowers. "No, I'm not the winner," I said to onlookers who asked me for my picture, but I sure felt like one. Who wouldn't—running with the fast company of Meyers, Rodgers, Benoit and Roe.

## Memorial Day

Some 100 people attended to Club Memorial Day services led by the Reverend Richard Kamanu of Kaumakapili Church. Young and old alike followed the service from leaflets prepared by the Club, and watched as flowers and leis were placed in canoes. Then, to the strains of Hawaiian music, four canoes departed the beach, and after the garlands had been strewn on the water, paddlers raised their paddles in a gesture of completion.

# Aging Is When

From Bill Capp

Everything hurts and what doesn't hurt,  
doesn't work

The gleam in your eye is from the sun  
hitting your bifocals

You feel like the night after, and you  
haven't been anywhere

Your little black book contains only  
names ending in M.D.

You get winded playing chess

Your children begin to look middle  
aged

## On the Cover

August 1952 (31 years ago), the OCC sends their crews to Kona via Hawaiian Airlines (DC3) to participate in the Territorial Championship Regatta. How many faces can you name and how many are still paddling?

Kneeling left to right: Bill Baird and Charlie Martin. Standing front row: Bill Cross, Breezer Bush, Jimmy Smith, Bob Magoon, Pat Wyman, Tom Haine. Back row: Mamo Wysard, Jackie Cross, Jack Mattice, Rusty Thomas, Patty Shanahan, Norma Andrade, Ann Jean Altman, Mary Bagby, Jill Gaspar, Barbara Blum and Gwen Davis. Scoop Tsuzuki photo.

You finally reach the top of the ladder  
and find it leaning against the wrong  
wall

You join a health club and don't go

You begin to outlive enthusiasm

You're still chasing women but can't  
remember why

Your mind makes contracts your body  
can't meet

A dripping faucet causes an uncontroll-  
able bladder urge

You look forward to a dull evening

Your favorite part of the newspaper is  
"25 Years Ago Today"

You sit in a rocking chair and can't get  
it going

Your knees buckle and your belt won't

You're 17 around the neck, 42 around

the waist and 96 around the golf course

The best part of your day is over when  
the alarm clock goes off

Your back goes out more often than you  
do

A fortune teller offers to read your face

Your pacemaker makes the garage door  
go up when you watch a pretty girl go

by

The little gray haired lady you help  
across the street is your wife

You have too much room in the house  
and not enough room in the medicine  
cabinet

You stick your teeth in a steak and they  
stay there.
