## ON THE COVER

*Club President Ward Russell presents his report of progress to date on new club facilities and site development at general membership meeting attended by more than 400 at Hawaiian Room, Princess Kaiulani Hotel January 24th.*

# Your Editor

genie V pitchford

*Gets a Word in Edgewise*

## IMPORTANT ELECTION COMING UP

On pages 12 and 13 are photographs and brief sketches of 14 candidates for the Board of Directors, of which 7 will be elected for two years. Holdover members of the board who will serve for a year with the new members are Ward Russell, Club president; J. Cline Mann, secretary; Herbert Taylor, treasurer; Wilfred Godbold, Victor Kahn, Mariechen Jackson, A. E. (Toots) Minvielle, and George (Dad) Center. Retiring members of the Board are U. J. Rainalter, Martin Anderson, Fred Rohlfing, Vince Danford, James Pflueger, Richard Cleveland and William Cross. Duke Kahanamoku is honorary life member of the Board, which brings its official number to sixteen, making it necessary for nine members to be present for a quorum.

During the past year it has frequently been impossible to conduct certain business of the Board because a quorum was not present. Attendance has been sporadic. Some of the absenteeism was excusable, such as being away from the Islands at meeting time; but there were many instances where Directors attended only 3 or 4 meetings out of a possible 12, after having agreed to being present.

Communications between the Board of Directors and the membership are very important to the every day and future function of the club. We must all know where we're going, how we're going and why, if interest in our club as a unit is to continue.

## FORECAST IS LATE

Your Forecast is a little late this month because we wanted you to have a report on the General Membership meeting held January 24th. The turnout was tremendous... members stood in line to be registered. More about this on pages 4 and 5.

Your March Forecast will also be a little on the late side as the important Annual Meeting will be held February 24th, and we'd like to report to you on the outcome of that meeting, too.

## TIME FOR ACTION

In the immediate past many of our committees have not been active and have not reported on their groups' findings or suggestions, probably because they have never been pressed for particulars. Now, if ever, is the time for action from the membership.

It is suggested that you study the briefs of the candidates for the Board of Directors and supplement that information with any additional information you can. This is only fair to the candidate as well as to those who will serve with him or her. This next year really is the most important one we've had to face in our 54 year history. So let's make an exerted effort to all pull together and kokua wherever we can, even if not an officer or committee member.

There have been complaints by members who have expressed a desire to serve on certain committees, but were never asked to do so nor told why. Steps will be taken to correct this as we really need committee members who will be active.

So, as you can see, we have a lot of work ahead of us this coming year. We have to prepare to move, plan what kind of new club facilities we will have and how to pay for them, and beef up the morale of our membership to the point where all will be vitally concerned about our future.

## INSPIRING MEMBERSHIP MEETING SHOWS LOTS OF CLUB SPIRIT

When club president Ward Russell called the general meeting of club members to order shortly after 5:00 on January 24th in the Hawaiian Room at the Princess Kaiulani Hotel, there was an air of "we are poor little sheep who have lost our way" among the attending members. However, after Pres. Russell presented his Report of the President and subsequent Committee Reports were heard, the membership seemed once again to be thinking and feeling as OCC members always have ... one for all and all for one.

President Russell outlined some of the immediate problems he and the Board have had to wrestle with during his term of office, such as:

When shall we move? What is the best time to move? Where shall we move to? Once that is decided, is that really the best place, considering every detail? Let us secure the Marketing Service) to make a real Research Associates and Survey and facts for the membership. Let us engage a group qualified (Economic istic survey of our needs, how to maintain our identity, how to raise the money to accomplish both and still not price ourself out of members.

Committees and committees and committees met and met and met, namely the Planning Committee which has had 32 such meetings since March 1960, all of which but 8 concerned OCC's future. This not including other meetings of sub-committees to discuss various aspects of the survey.

Yabo Taylor, Bill Curlett, Buzz Rainalter, Keith Wallace and Cline Mann made important reports to the membership indicating how much time and thought had gone into our problems of the Building Fund, Architects

*Showing part of the nearly 200 members who enjoyed dining at OCC immediately following the general meeting of members January 24th. Most of you will recognize manager Jake, Dad, Duke and Nadine, Toots and Mildred Gay, etc.*

Selection, Beach Front Development, and Negotiations with the Sheraton and Aventura groups. They pointed out specifically why various steps were taken and why even more time would be necessary for consideration before a final plan is adopted for OCC's new facilities.

### **JOHN CHAMBERLAIN HEARD**

John Chamberlain, OCC member who urgently implores the membership to accept the "Aventura Plan" to remain at our present site and merge with the International Surf Club (which has yet to be chartered or formed) presented arguments for the Aventura proposition. After a question and answer session the general membership agreed that questions were being advanced into areas that made it impossible to answer them with any degree of accuracy at this time; particularly those questions concerning dues, either now or in the future, ade-

quate surfing, canoeing, swimming and beach facilities, and any stabilization of year to year income or costs. At this point it was moved that the meeting should be adjourned until further and more concrete information could be presented to the membership and thence go to a vote.

### **MOST IMPORTANT OF ALL**

Plan to attend the annual meeting to be held February 24th at 5:00 p.m. in the Hawaiian room at the Princess Kaiulani Hotel. Much important information will be covered concerning the future of the Club and we're hoping for a very large turnout.

\* \* \*

Mark and Sally Auerbach welcomed brand new daughter Susan Sloggett to the family on January 9th. Susan's year and a half old brother Michael has already given her a few tips on what the big world outside is all about.

*Now this is the way to spend Christmas Day, and as you can see a lot of others also felt the same way when the annual Open House was held. Ron looks like he just heard a new volleyball score, and Food Editor Rusty is sampling the vittles, just like a good Food Editor should!*

*Remember John and Ilima Russell? Well, there they are, by gosh, 2nd and 3rd from left. Now of Guam, they were at the Open House with their friends Gil Brightman, and Jim and Pam Smith of Eua.*

# Surf Sun n Sand

## THOSE BELLS KEEP RINGING

On December 29th Dorothy Harnish and John Chamberlain were married by Rev. Abraham Akaka at the parish of Kawaiahao Church.

No sooner had that been said and done than Kathy Marcus and Hal Lundberg were married at the same church January 7th, also by Rev. Akaka. At this ceremony John Chamberlain not only gave the bride away but was also the best man. So, within a week, bridegroom, "father of the bride" and best man!

\* \* \*

It's good to see David Kahanamoku in our midst from time to time when he comes down from Maui to visit. He usually stays with his cousin, Maria Piikoi, because she lives only a few steps away from the Club.

\* \* \*

A new member recently moved here from Wyoming is Mrs. A. B. Ewing who, as Elizabeth Smelker, swam on the backstroke team in the 1936 Olympics.

\* \* \*

The New Year's Eve party was very successful, but about 20 couples who made reservations and said they'd pick them up . . . didn't.

\* \* \*

John M. Lind, president of the Waikiki Surf Club reminds us that it's about that time again . . . for support to the International Surfing Championships at Lima, Peru. They're to be held this year February 19-26, and Hawaii will be represented by Clarence "Mac"

Maki. So hurry with your support to Waikiki Surf Club.

\* \* \*

Your editor just returned from a jaunt to Portland, Oregon and not much going on in the way of swimming there. A "bit cold and damp" they said . . . meaning much snow and rain. The number of citizens wearing leg casts indicated that skiing is still a popular substitute for swimming, however.

Rose Volpe returned recently from a four months' Mainland trip which took her from West to East and back again. Among the former Islanders she saw along the way were Cmdr. and Mrs. Will Shaw, now of Washington, D.C.; Admiral and Mrs. Robert Batchelder of La Jolla and Duke and Luba Johnston at their Rancho Santa Fe.

\* \* \*

Anne "Andy" Durant will one day be Mrs. Robert Freebairn. Her engagement was announced recently and our best wishes to both of you for many years of happiness. Hope your kids play volleyball well as you do, "Andy."

\* \* \*

Mrs. Orrin Gilbert writes from Palm Springs, California that her daughter Sandy really surfs up a storm at Dena Point, Trestles, Laguna, etc. whenever the weather permits. They miss all the folks and activities at OCC and still refer to Hawaii as home.

*Huzzah! Huzzah! Huzzah! Off with the old year and on with the New! Part of the crowd that took in all the gay doings New Year's Eve. Don't see many members, 'cept Bill Heilbron up front. How about you?*

*Winners, every one, in the Diamond Head races on New Year's Day. From beach to ocean are Maria Hemmings, first place, Jean King, first place and Kokie King, first place boys.*

*Championship stuff that proved out during the new Year's Day competition. Nappy Napoleon of the Beach Services was first place in the Diamond Head open surfboard race. Paul McLaughlin, first in stock board race; Joe Cabell, senior men's sprint winner and also third place in the open board race; Rabbit Kekai, second place in stock board race.*

February 14th is the big heart flutter day... the biggest chance of a lifetime to let your guy or gal know of your love for him or her. The spirit of Valentine's Day has been going on hundreds of years and as far back as 1438 the poet Lydgate was writing about the customs of Valentine's Day. Shakespeare and Chaucer also made reference to Valentine's Day in their writings.

The patron of the day, St. Valentine, was never canonized, but it is likely that the day goes far back to antiquity for at the Roman Lupercalia it was the custom for young men to draw the names of their partners for the annual dances from a lottery.

The first Valentine cards were lacy and ornate and bore the most flowery messages of love. Then somehow or other along the line cards began to appear bearing words of sarcasm and many were of a deriding nature. These cards, were, and in some instances still are, sent out anonymously... sometimes in fun and sometimes with full meaning. The receiver is supposed to guess who he (or she) has offended to warrant receiving such a card. So the spirit of Valentine's Day seems to have two very definite sides to it in this modern world. We hope your Valentine will be a nice lacy sentimental one from the Old World.

\* \* \*

Anent to Valentine's Day, it was on February 14th 1779 that the discoverer of Hawaii, Capt. James Cook, met his death at Kealahou Bay on the island of Hawaii.

## BEANS PORRIDGE HOT

by Rusty Thomas, Food Editor

If you have had the good fortune to be invited to one of club member John Chamberlain's wonderful parties, you already know the merits of his cooking prowess.

You too can sing the praises of his famous barbecued spareribs, his egg-plant pizza hors d'oeuvres, his enticing salads—in fact, space doesn't permit listing his many recipe achievements.

The truth is—John is just a natural artist at combining food flavors. He can give the most innocuous dish enough personality to please any sensitive gourmet.

Given a free hand with the stirring spoon, the spice shelf, the wine cabinet, and a good dose of his own imagination, John evolves delicious concoctions that become family favorites forever.

Take baked beans—that normally plebeian dish—but not when John wields the magic wand over the bean pot.

This bean recipe is subject to change, John admits, according to his whims, when he adds a little more of This than That, but it's always good. Yes, that's the prerogative of a good cook!

### JOHN'S SPECIAL BAKED BEANS (This recipe should serve about 25)

Brown 4 pounds of lean pork, cubed. Cover with 1 can frozen diluted orange juice and 1/2 cup sherry wine (optional). Cover and cook slowly until pork is soft (about 2 1/2 or 3 hours.)

Add 3 cans B & M beans (these are the small variety of beans 1 lb. 12 oz. can size). The proportion of pounds of beans and pork should be about the same..

- 1 pound crisp fried bacon
- 3 onions, medium size, chopped

OR BUSINESS OFFICE  
FOR PARTICULARS**

2 or 3 oranges, quartered, peeling and all

1 pound cashew nuts, salted peanuts or almonds

Cook this in a heavy Dutch oven type of covered pot over low heat or in the oven very slowly for several hours. Toward the final stage of cooking, cut up 1 fresh pineapple in chunks and stir in. Add orange juice and wine if the mixture starts to dry out.

It's just like beef stew, it tastes even 'mo betta' the next day—and the next, if there's any left!

\* \* \*

It's been requested by OCC management that members refrain from storing their surfboards and beach chairs on top of their lockers. Such unsafe storage could result in their falling and hitting members and we do not wish to encourage bruised feelings among us.

## STUDY OF BRIEF OF ECONOMIC FEASIBILITY SURGERY IS URGED

By January 20th most all members of OCC should have received a report of the Planning Committee relative to the development of a new club facility. With this report was a summary of the Economic Feasibility Survey made by Economic Research Associates and Survey and Marketing Services. If you were unable to be present at the special meeting of the general membership held January 24th, at which time these reports were discussed in more detail, it is suggested that you go over the briefs carefully. The Feasibility Survey points out the significant place that the Outrigger holds in the sports world and why it is important that we should want to continue to hold that place.

Many alternatives and suggestions for making a success of our future are given. Strong reference is made to the need for an enthusiastic and unified

membership who will understand the need for their moral and financial support if the OCC is to retain its standing as one of the best known clubs in the world. Now is the time to make your wishes known. These are important days.

\* \* \*

Reason for membership-wide meetings being held at the Princess Kaiulani is that the sound system makes it possible for everyone present to hear what's going on; also, it allows activities at the Club to continue without interruption.

## MAY I HAVE THE NEXT DANCE?

The OCC certainly was well represented at the Inaugural Ball in Washington on January 21st. Tucker Gratz was there, complete with top hat. Also were Dolores and Watters Martin, who have just about worn a path between Honolulu and Washington since way before the Democratic National Convention. In the Martins' party were Dolores' sister and her husband, Anna and Sargent Kahanamoku, fresh from a European jaunt themselves. Also, Dolores' and Anna's brother, Richard Furtado and his wife Juliette of Hilo, Hawaii, joined the family group in participating in the historical event.

## THE HARD WAY TO ANCHOR A CANOE

In the more rugged days of Hawaii fishermen used to pound holes into lava shelves where they met or projected over the sea. It took a lot of labor and patience to force the openings in the hard-to-pierce lava, which was done with a still harder and pointed lava pick. When canoes were tied to the holes the wind would swing them to junctions of rough water and calm, for the best possible fishing. Some of these holes can still be seen along the lava coasts of Hawaii.

## WE WERE THERE

In early 1900's Washington's birthday holiday was celebrated with a floral parade through the streets of Honolulu and this was the big parade of the year... just like the Parade of Roses in Pasadena is today. In the 1911 parade OCC took honors with two of its flower covered floats. One depicted a canoe racing down a wave and the other showed two surfboards and riders at the base of a wave. So... let's plan on something like that for the Kamehameha Parade in June, huh?

\* \* \*

We also must not forget to acknowledge the February birth date of a great American who was born on the 12th at Nolin Creek, Kentucky: Abraham Lincoln.

# *Hauoli La Hanau Aloha Nui Loa*

We extend hearty greetings and "Happy Birthday and best wishes to you" to all Club members whose birthdays occur in February.
