ON THE COVER

Who dat? Well, hard to tell at this particular moment. But we have selected this stalwart to be the guiding spirit of our Outrigger crew when it is paddling, paddling, paddling across the Molokai channel on the morning of October 16th. The original caption written for this gentleman said he was "modeling the Outrigger emblem." Somebody forgot to say "Smile, Charley."

Gets a Word in Edgewise

First of all, All Hail the three new Dear Souls: Canada Dry, Matson Lines and Food Pantry. We're certainly happy to have you with us in the Forecast and hope you will come in again soon.

Through the kindness of Mrs. Wilowdean Handy of the Hawaiian Mission Children's Society Library we have two real old Outrigger Club pictures in this issue. One is on the cover and the other is of the Club premises around 1910. These photos appeared in the Mid Pacific Magazine which was owned and edited by Alexander Hume Ford, founder of our Club. Mrs. Handy escorted the magazines to the Academy of Arts where Raymond Sato had the equipment to take pictures of pictures. There are others equally as entertaining and we'll be running them in future issues of the Forecast. Now that's something to look forward to, isn't it?

Last month there was a great exodus of student members who will continue their studies at Mainland schools for the next year. The meaning of all this is about a half ton less of sand in the locker rooms daily, less calls for hamburgers, hotdogs, cokes and milkshakes at the Snack Bar, and the disappearance of chit chatty groups by the volleyball courts and on the beach. Summer vacation is pau... for now.

SPECIAL NOTICE

On Monday, October 17th, the Dining Room will be open. That is the night of the big Aloha Week Hoolaulea celebration. Waikiki will really be jumping. No parking will be allowed on Kalakaua Ave. from noon until 11:30 p.m. that day so plan ahead in making "To and From" transportation arrangements. Enjoy OCC's usual fine cuisine that night then take in all the excitement and entertainment on The Strip.

On Tuesday the 18th the Dining Room will be closed. By Wednesday we'll be back on the track and on schedule again.

SEE YOU AT OCC on the 17th!

SO THAT'S WHERE HE WENT

Your former editor, Norm Godbold III has leaped and bounded to KangarooLand, via Tahiti. So if you ever get to Sydney you can find him at TCN-Channel 9 where he has snagged himself a job news rewrite man.

MAHALO

Thank you Alan Delpch for the Downtown Improvement Association Newsletters to the Forecast. We're most interested in your activities, especially the good news about multi-story garages to provide additional parking space for the poor Let's-Go-Around - the - Block-Once-Again ers. Hooray!

WE REPEAT

As per the notice in your August bill, you scoop the 10% discount on your catering chits only when your bill is paid in full within 30 days from the close of the month. Why be a 5% er in Washington when you can be a 10% er in Hawaii? Think it over.

BEEN WONDERING WHERE THEY ARE NOW?

The Club has many members who are not here in body but are certainly here in spirit. Every time they make a move on the Mainland, first thing they do is to let us know so that they'll be sure not to miss a copy of the Forecast.

Remember Dick "Sparkle" Barkle? Well, he's PAA'ing it at the International Airport in New York and living in Jamaica of the same state.

And who could forget Bill Capp? He and family now in Rome, New York.

Bill Morris' sister, Anna, (Chambers) is right next door . . . in San Diego. You still get tan, Anna?

Helen Gage now living in Newport Beach, Calif.

Shippen Geer and family have shipped themselves off to New York.

Dr. Ian Kinnear receiving mail in Marina, Calif.

Joe Worrall off to the races in Saratoga, Calif.

Gordon Mason engineering in far off Peoria, Ill.

Bob Milne even farther away . . . in Yonkers, N. Y.

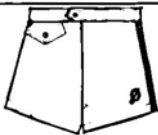

Dennis O'Connor now of Alexandria, Virginia. S'pose he's playing vawleybawaal down theah?

Kenny Russell of those Skyroom days is wearing his dark glasses in Burbank, Calif.

THE CELEBRITY BIT

Land sakes, guess who was eating hot dogs at the club recently, having purchased same at the snack bar? None other than Martha Raye. She came and went so silently that a lot of us thought Johnny Gomez was kidding when he towncriered that she was on the scene.

Also reveling in the club's hospitality and good kau kau was Gordon Arthur Kelly with a group of buddies. Now you are wondering who in all get out is G. A. Kelly, no? Well, he's none other than Art Linkletter.

HARD TO TELL WITHOUT A PROGRAM

Just whether you're here or over there. The Kona Kai Club in San Diego is more Hawaiian than we are, in lots of ways. Just listen to this, from one of their recent news sheets: "Hukilau is the theme chosen by Makua Auxiliary for its annual benefit dinner. Dancing and music by Danny Hale."

Then they went on to say that "The annual luau will help to celebrate the first anniversary of Hawaiian Statehood. A fabulous buffet will be conjured up by Chef Felix who has had a wealth of experience in preparing Hawaiian delicacies.

Flower leis will be flown in from Hawaii and entertainment will be provided by some of the Islands' best performers."

And how about this? Their columnist is Cholly Kamehameha!

They even have an Outrigger Dance Club!

HOORAY FOR OUR PREZ I'M 5

When Club president Ward Russell was in Chicago last month attending the National Legislative Conference he was elected to the executive committee of the conference. He attended the meet as Senator Russell from Hawaii and no doubt enthusiastically joined the other Hawaii delegates in urging that the next time the Conference meets they make sure that they do so right here.

We seldom have the pleasure of writing news before it happens, but now we have the pleasure. On October 10th Jack Mattice will join the staff of Allstate Insurance. So now Allstate is just about All Outrigger, what with Dave Linn heading up the office and Chuck Schrader and Jack giving him the big assist.

Anne Linden Morris observed her 5th birthday in a gay fashion by having a party for 14 of her friends on the Sun Deck September 9th. Her mommy and daddy, Betty and Wilmer, were among those enjoying the festivities.

Don Sutherland, general agent freight department of Union Pacific Railroad, Portland Ore., writes to say how much he enjoyed his recent visit to the Club, and "also to compliment your personnel for their thoughtful consideration."

Ursula Jepson is pleased with the new items on the dining room menu and most especially with the avocado and bacon sandwich. Sounds most one, doesn't it?

Chantal Moearii Weaver will one day be a member of the club, we're almost sure. But it will be a while yet and we shall happily wait. Chantal, you see, was born just a little more than a month ago . . . September 3rd to be exact . . . and has a few adjustments to make before considering joining up. Her mom and pop are Turere and Spence Weaver. And I'll bet they think Chantal is TOPS!

HOTSU !!

Bill Baird, sometimes volleyball player supreme and full time insurance man has recently been awarded a well earned promotion by T. H. Davies. Bill is now superintendent of the Fire Insurance Division at THD. So no burn out if he tries to talk you into a policy. If the truth were known you probably really need it. Better double check to make sure.

BUZZEZ DOWNTOWN

Come November 1st and you capitalists who spend eight hours in town every day will have a new restaurant . . . to be opened by none other than member Buzz Snyder. It will be located in the former Home Insurance building and Buzz's neighbor under the same roof will be none other than Aloha Airlines, one of our Dear Souls in the Forecast.

* * * * *

Well, well, well. Remember Celeste and Bill Phipps? Well, again they were back in town for a couple of weeks recently and boy, how they did not like the idea of returning to New York City. Nothing wrong with NYC, mind you, but it is quite a jet from the Beach at Waikiki.

* * * * *

So I said to Sarge Kahanamoku "Who was that man I saw you canoeing with the other day?" and you know what he said? "Winthrop Rockefeller." And right he was! Mr. Rockefeller visited us last month and not only enjoyed the thrills of an out-rigger ride, but also the hospitality of the club.

But guess where Max Wyman headed for just as soon as his yacht Wild Goose II made it safely to Honolulu after a harrowing experience at sea. Why, the Club dining room, of course.

Max said it was good to be high and dry again and after reading the account of the Wild Goose's troubles we can certainly believe that it was. That story is good enough for a television series, don't you think?

Zoom . . . zoom . . . zoom. And there they are, on the other side of the Big Pond. Rose Volpe off to the East Coast, like New York City . . . and Pam Anderson off for the Orient, like Tokyo, Hong Kong, Bangkok and I dunno where else.

Off on another tangent entirely are Phyllis Spitz and Nancy Buck who will be in Tahiti for a couple of months. Former club prez Martin Anderson is shooting them (animals) up in Africa, and the Jimmy Hakuoles are having a look see at Europe.

FOOD FOR OPUS

By Rusty Thomas Food Editor

Few days pass by at the club without the signature of members Hanna or Vince Ridge in the registration book.

Vince, who is public relations representative of Standard Oil Company, and Hanna have made swimming a daily practice midst their busy schedule in the five years they have been in Hawaii.

It's fun to 'talk' food with Hanna for she has collected many good recipes in her years of entertaining.

One recipe that Hanna says has always been a 'special' with the family on every birthday, Christmas, or any other excuse for it is this rich chocolate cake. "Anyone who likes chocolate 'loves' this cake," Hanna quips.

NOUGAT CAKE

Makes 2 large or 3 regular 8" layers
4 squares bitter chocolate
1/2 cup powdered sugar
1 cup sweet milk

Cook above in double boiler until thickened. Cool.

Cream:

1/4 cup butter
1 1/2 cups sugar

Add:

2 well-beaten eggs
2/3 cup buttermilk
2 1/2 cups flour
3 teaspoons baking powder
1 1/2 teaspoons vanilla

Mix well and add cooled chocolate mixture.

Add:

1/8 teaspoon salt
1 cup walnuts, slightly chopped
1 teaspoon soda dissolved in 1 table-
spoon hot water

Bake in 2 large or 3 8" cake pans in a 375 degree oven for 20-30 minutes.

May be frosted with chocolate frosting if desired.

Vince Cosmos writes from Pasadena to say hello to all his aikanes at the club. Hi, Vince.

The Fashion Show luncheons are one of the best crowd pleasers we've ever had, and the one held August 25th was no exception. Here we see Bernice Haynes modeling a chic number from Norma Maier's Resort Shop. Can't you almost smell those wonderful fresh gingers in the foreground? Myrtle Su'uan and Molly Reppun look like they're just about ready to buy, yeb?

IT'S THE DRIVE THAT COUNTS

Just 10 years after the founding of our club in 1908 another important community supported project got under way: The United Welfare Fund. At that time it was a sub-committee of the Chamber of Commerce. Outrigger members such as John R. Galt, Charles R. Hemingway and C. J. Henderson were among the leaders of some of the earlier drives.

The goal for the first campaign in 1919 was \$211,413 for gaining support of the then 21 agencies. This year the goal is \$1,360,000 for 26 local and two national agencies. So there are a lot more people who need a lot more help this time and we hope you'll be among those who give Your Full Share To Show You Care.

This year's Honolulu Community Chest Drive is from October 3rd through the 14th and we're happy to say that among the more than 7,000 volunteers helping the Chest to arrive at its goal are many of our club members. Club Director Mariechen Jackson is executive secretary of the Honolulu Community Chest.

QUEEN'S SURF

In the early 1850's Emma Rooke, who later became Queen Emma, learned to surf in the waters right off the club. In fact, her learning to surf and love it so much had all to do with Alexander Hume Ford's success in gaining the lease to the property we're now on. It was owned by Queen Emma's estate and the trustees felt that the founding of a surfing and canoeing club on the site would perpetuate the sport of which Queen Emma was so fond.

BY SHIP & TRAILER AIR AND MANPOWER

All those ingredients played an important part in the Hawaii crew's winning of the Catalina to Newport Beach 25 mile canoe race on Labor Day.

Club director Toots Minvielle was the father of this event started a couple of years ago and sponsored by the Balboa Improvement Association. This year the crew completed the course in 4¾ hours.

Getting the two koa canoes to the site of the race was much more of a project than winning the race. The two boats were shipped on the deck of the Lurline to San Francisco, because of the shipping strike in Los Angeles. They were on trailers and after arrival in S. F. were towed the more than 500 miles to Balboa. Wonder what all those Coast Haoles thought when they saw two outrigger canoes barreling down Highway 101. One of the canoes belongs to Toots and the other one he and Billy Miles own.

The Balboa crew which placed second in the race was only two minutes behind our boys from Hawaii.

Incidentally, the 50th State crew experienced some Hawaiian style hospitality in California when Mr. and Mrs. Bobby Leslie of Costa Mesa made their house and two cars available to them.

Six crew members were in each boat and all the Hawaii boys got a chance to paddle during the race.

Those making the trip besides Toots were Blue Makua, Dutchy Kino, Chris Brady, Joe Gilman, Ling Makahi, Jimmy Souza, Percy Kimimimaja, Nappy Napoleon, Tom Schroeder and Charley Kamei.

This annual event is gaining in popularity and should make good bull session talk for prospective Club participants.

Oh, forgot to mention... the important part that air played was that the fellows jetted to and fro.

Have in Hawaii! Not folks like to know with whom they are doing business. Other things being equal, they would prefer to do business with their friends—including fellow Club members of the O.C.C.

So you know just who offers the products or services you need, the "FORECAST" publishes this directory.

Hanoli la banua to Malia Lutz! August 26th was the big day. Pikake lei, birthday cake and champagne! It was a big surprise to Malia who was lured to the Sun Deck where she found Jake Tudor, Lillian, Eva, Helen, Maxie, Jane, Helen, Conrad, Pedro and Choi all waiting to see her cut the cake.

HAIL THE CHAMPS

Remember the Mountain Ball boys who were having a serious training session around the training table in the last issue? Well, apparently the tonic they were partaking of as shown in the picture was a big help to them for they went right out and won the Mountain Ball championship very shortly thereafter.

It wasn't easy, however. A three way tie for first place between the Outrigger Team, R. M. Towill and Bishop estate caused a few playoffs. First to say "Uncle" was the R. M. Towill team when our boys won from them 6-4. Then came Bishop Estate. And there went Bishop Estate. Ours by 13-1, wow! Then came the final chance for the R. M. Towill gang and, hard as they tried, they just couldn't beat Outregars. Score: 9-8

FIR, PINE ANY KIND

It was not uncommon many long years ago for outrigger canoes to be hewn out of huge fir or pine logs, even though we had no fir or pine trees in Hawaii.

The logs came from Oregon and Washington, though they were not imported. They were also free. These logs were tossed into the sea by the forces of nature and floated along with ocean currents until being beached. In Hawaii, most of them landed on Kauai or other northern shores. Delivered right to your very door, so to speak and no bills of lading or other shipping papers to fiddle with.

These logs made splendid seaworthy canoes and the Hawaiians probably wondered what happened to their source of supply when soil conservation, forest reserve and all that kind of stuff got going Over There.

The Outrigger Club Beach

This photo shows our grass shack club house and the racy set that frequented the beach around 1910. Dig that well dressed gentleman at the far right. Is he going paddling in that outfit? And do you recognize the coy gal peeking out from behind the far left surfboard? Is she overdressed for the beach, or is that her bathing suit?

AND NOW PAT'S AN AUTHOR

October 25th will be a big day for O. B. "Pat" Patterson for that's the day that his book SURF RIDING: ITS THRILLS AND TECHNIQUES will be published. Pat, who is with Hawaiian and California Sugar, is well qualified on the subject about which he is writing for he has spent many years in the surf just offshore from the club. Pat's book gives instructions, descriptions and explanations of every phase of surfing, and while he doesn't guarantee that you will be an expert rider after reading his book, he does promise that you will know more about surfing than you did before reading it.

As Charles E. Tuttle Co., publisher of SURF RIDING, points out, surfing's appeal is not limited to any age or sex, so the potential audience is tremendous.

WHO-O-O

I'LL SEE YOU

I hope, on The Night of October 29th! That's the night of the big Hallowe'en do. Jake is talking it over with the chefs who have a Hot Time In The Old Town Tonight Mexican menu planned. And here's a real chance to express yourself. It's a costume ball. Peter Howell and his Just In Time musicians will take care of the swing and sway department, from 8:00 to 11:00. All this for only \$5.00 a couple. Make your reservations today!

ALL DRESSED IN WHITE

Summer brides (and bridegrooms) were the cause of many festive activities here and there.

Here

Judy Thurston, always active at the club, was married to Dr. Gordon Dickie September 10th in historic Kawaiahao Church. Dr. Dickie is resident physician at Kapiolani Maternity Hospital.

* * * * *

Dr. Willis Gortner, head of the department of bio-chemistry of the Pineapple Research Institute, was married on August 25th to Susan Reichert.

* * * * *

Dicksie Waterhouse was married recently to Lt. Clarence W. Sandison. We know Dicksie will take a lot of pleasant memories of fun times at the club with her when she and Clarence are living in Charlottesville, Virginia.

* * * * *

There

Richard Sylva, former Outrigger

swimming star, was married to Lona Briem August 28th in Chehalis, Washington. Richard won several gold medals for the 220 and 440 butterfly freestyle while attending Menlo College. In the past two years he has twice been champion of the Pacific Northwest in middle distance events. Lona is quite a swimmer herself. Both are now at Washington State U. Richard is the son of Edward N. Sylva of Honolulu and Mrs. Attilio Tutone of Redwood City, Calif.

Mr. McMahon, a regular member of the Outrigger, is Project Engineer for the East-West Center. He is a registered Civil Engineer and teaches an evening course in engineering at the University.

THIS IS IT

A hot and cold running delicatessen right in the heart of Waikiki. Wonderful, wonderful. Just what has been very much needed for such a very long time. The Food Pantry is here, hooray. This completely new concept in super markets is on Kuhio Ave. at Walina Place and if it's not convenient for you to get there, they'll bring what you want to you. Read all about it in the Ad on the outside back cover of this issue.

* * * * *

Non-resident member Vera Mahoney has now become a resident. She was married recently to Arthur D. Kennedy and they are now living in Kaneohe.

OCTOBER DOINGS AT WAIKIKI SHELL

The recent showings at the Waikiki Shell have played to packed houses and it doesn't seem that this pace should change with the October offerings.

On the 7th and 8th blind pianist George Shearing will be presented with his Quintet, and Cal Tjader with his Quartet. Also on the program are the Hi-Lo's and Mavis Rivers. Sounds like a powerful evening of music, eh?

On the 9th and 10th Johnny Mathis will appear. Tis said that this guy is a pretty hot entertainer. Sidelighting Johnny will be Andre Tahon with his French Marionettes and the world famous Hermes Pan singers and dancers.

Now why don't YOU do this? Have dinner at the club on the night you go to one of these shows. After pau kau kau take a cab to the Shell. Like that, no more parking worries. Make up a party of you and split the fare. That way, easily!

ADDRESS UNKNOWN

But I bet it won't be long before they're writing home and making their address very known so that they'll get lots of letters about all the activities at the club. Cynthia Hemmings, Jackie Burnett and Barbara Killingsworth have flown out of their nests and will give it a whirl in the Big World Outside. Cynthia will probably be the first one to come flying back, however, for she is going to a flight stewardess training school in Los Angeles. These gals are living in Westwood.

THE HOOTIN' GIBSONS

There were 5,000 Gibson Refrigerator people in town recently on a convention or something like that. Maxie was so afraid they'd call up to reserve a table for "The Gibson party." But they spared him that, and a few of their select emissaries joined together for lunch in the main dining room. Do Gibsons drink Gibsons, Helen?

“.35 an hour or any portion thereof or \$70 a square foot.” Those are the two going prices for temporary or permanent residency in the parking lot next to the club. As you can easily see, it's kind of hard to gain even temporary residency. Is this one of the reasons we don't see you at the club more often?

WE MISSED YOU

On the Hau Terrace Labor Day, It was really a lot of fun. Bill Crawford, Ida Naone and Jimmy Kanae made with the Hawaiian music, and all the peoples made with the hamburgers, meat on a stick, refreshing libation and chit chat. Benny Whittle was there looking for some art lovers to show through his new studio; Ginnie Vary and the Dick Spanglers were with a group of Hawaiian song loving aikanes, Anne Rutherford was there too, they say. Also Florence (Devereaux) Bradley with a visitor. Better plan on being there yourself next Sunday. Good fun.

OH CARRY ME BACK

In 1911 annual dues at the club were \$5.00. Well, I could have gone that, but I dunno about the initiation fee. It was a big \$3.00!

HOW LUCKY CAN YOU GET?

7-11! That's what Charley and Wilma Amalu's brand new son weighed in at when he joined the family on September 18th. William Charles Lunalilo Amalu is his name and can't you see him on a surfboard already! Best wishes from all of us, Charley and Wilma.

3 KINGS AND A QUEEN

That's the powerful combination that rules the Maxie Fuertes household. Number three boy arrived September 22 and he was so new when we went to press that his elated mommy and daddy hadn't whupped up a name for him yet. Congratulations to you, Maxie and Azucena.

Mr. and Mrs. Tomas Diez-Luckie came all the way from Lima, Peru to honeymoon at the Halekulani Hotel. Both are members of the Waikiki Surfing Club in Lima, one of our affiliates.

IT WAS OUR PLEASURE

From way far away San Salvador we received a letter of mahalo from Eduardo Craik, secretary of Club Campestre Cuscatlan. Their club member Federico Hill visited us and wanted all at OCC to know how much he enjoyed himself.

* * * * *

VOLLEYBALL

In a six weeks period recently Bill Cross and Tom Haine have won three doubles volleyball titles. Ain't dat sumpin'?

* * * * *

The first Club invitational doubles tournament held last month was such a howling success that the Athletic Committee hopes to make it an annual affair, even to inviting players from California.

* * * * *

And guess who was slammin' at Arthur Lyman not too long ago... right at the club? Pat Wyman. This was all taking place on the volleyball court, of course.

Couldn't get them all into one canoe, but these are a few of the thirty Girl Scouts from Iowa who recently had a good look at the Pacific Ocean when they went canoeing as guests of Duke Kahanamoku. Panama and Charlie caught some nice waves for them. I dunno how that Boy Scout got into the canoe, but no trouble.

HURRY HOME FELLAS

We don't have much k-news about canoeing in this issue because it's sort of intermission time between races. But we know of nine guys who are doing a powerful lot of training and strategy planning every day for the Molokai to Oahu race. Trying out for the crew are John and Al Lemes, Doug Carr, Ricky Steere, Kimo Hollinger, Paul MacLaughlin, Bill Danford, Dodd Balock and Bob Moncrief. In the group, those paddling the course last year were Doug, Ricky, Kimo and Bob. Go get'em you guys!

* * * * *

BUT HOW DID THEY GET HOME?

In September 1866 three canoe owners paddled their outriggers from Honoipu near Kohala on the island of Hawaii to Waikiki Beach. Object of the trip was to sell the canoes to avoid the freight which would have been charged for schooner transportation.

CANOEING, ANYONE?

In 1939 the outrigger canoe *Lealea Lani* floated, sailed and was paddled to Samoa from Honolulu in just a little over a month. It left on the 19th of April and arrived in American Samoa on the 23rd of May. It was crewed by Al Eastman, Don Hall and Capt. Alvin Woodbury. Pictures show it to be no bigger than the canoes which will be used in the coming Molokai to Oahu race, though it did have a little more freeboard and was a little wider. Ah, no fair. At the end of the article it said a gas engine was also used during the trip.

* * * * *

A Hawaiian war canoe, or maybe you could call it a battleship, consisted of two single canoes lashed together. They had very thin hulls and were carefully polished. Military "spit and polish" even way out here, way back when!

Know why the kau kau tastes so good at the club? Because these guys and gals see that it does. In front are Mary Evans, Bardette Ripley, Dorothy Mirakami and Ruth Brown. In back, Canuto Roqueto, Vicente Rios, Lawrence Lebnikabl, John Young and Julian Rosferzo.

Primo

THE HAWAIIAN BEER

... is the "Prize of Honor" Brew

First brewed in Hawaii's Annexation days, Primo has become the popular beer with malihinis and kamaainas, alike. Their choice knows no better endorsement than this:

At the Grand Prix de Paris, July 19-20, 1960, Primo was awarded the silver Prix d'Honneur.

Little wonder, Primo's the islands' top brew with visitors, too! It's Primo's at-the-brewery flavor that wins popularity-plus everytime, everywhere!

Try it ... you'll like it!

Fine quality Island products like Primo do much to enhance the fun of Island living and also aid our economy with their payrolls and tax loads.

Hawaii Brewing Corp., Ltd. Honolulu, Hawaii

Ron Curnow, that handsome young gentleman in the dark suit enjoys the hospitality of Dad Center and Dr. and Mrs. Zimmerman in the main dining room. Ron was in Honolulu on a short stopover from Australia to Europe, where he will learn all about the printing methods of foreign countries. When Gay Harris and Dad were in Melbourne for the 1956 Olympics they were guests of Ron's dad.

HARD TO BELIEVE, YEH?

There once was a time when Waikiki hotels considered closing during the summer months as was done by many Mainland hotels during the winter months. Then came a "tourist boom" in 1924 when during June, July and August our next door neighbor, the Moana Hotel was "completely filled 2 or 3 times during the summer."

By 1925 George Armitage claimed that "Hawaii now is probably the most popular resort in the world, partially due to the Hawaii Tourist (Visitors) Bureau spending \$125,000 a year to perpetuate that happy situation." The Visitors Bureau Budget from July 1960 to June 1961 is \$1,104,928. So, looks like when you tell 'em you sell 'em, eh?

BUSY BOARDS

Plenty empty surfboard lockers at the Club on Labor Day and good reason why too. Boy! The waves were really running and the traffic was terrific out in the surf. The experts got the long thrilling rides they went after and the not so experts got the long swims while searching the ocean for their boards that had preceded them to shore. Canoe loads were doing fine, too.

THINGS HAVEN'T CHANGED A BIT

"The natives are complaining that poi is getting scarce and high priced in Honolulu!" So? That's news? Well it was to me because I had no idea that this sort of thing was going on more than a hundred years ago. The quotation, you see, is from the Honolulu Advertiser of March 10, 1859.
