

No Dogs, No Cats, No Monkeys

Yes, there is a rule against having animals on the Club premises and the City of Honolulu has an ordinance against permitting them on the beach. This is a sanitary and safety measure and the rule must be enforced. Please don't embarrass the management by bringing your livestock to the Club.

Alexander Hume Ford Passes On

On October 14, after a long illness, "Pop" Ford, Club Founder, passed away. Services were held in the open on the Club grounds on October 16. Several hundred old and new friends and Club members united in doing honor to his memory.

Do You Want Your Cokes?

Many coke drinkers have the habit of leaving the bottles around after finishing drinking. This results in broken glass, lost bottles and extra work for Club employees. Please return the empties to the container by the coke dispensing machine. Thanks!

Be a Good Neighbor

Many persons parking in the lot seem to have no regard for their neighbors. Cars are parked in driveways, left locked barring other cars from moving and in other ways showing lack of consideration. The management is working on a plan to eliminate these abuses. In the meantime, won't you please park with consideration to your fellow member and give him a break?

Christmas Gratuity

In November you will receive a statement covering a gratuity to Club employees. This you may pay or not as you wish. However, every member should take thought at this time of the many employees who serve you silently and unseen. There is the chap who picks up your towels and suit, who cleans the locker rooms, the laundryman, the cooks and bus boys, the pantry man, the carpenters and painters, the folks in the office. They all serve but never are tipped. This is an opportunity to say thanks to them and show appreciation for their loyalty and service. Receipts will be divided proportionately so that each will get his proper share. Let's make this a real Christmas for them all.

now.

The public pay phone has been removed from the lobby in the office and is right next to the coca-cola dispensing machine waikiki of the soda fountain. Please do not ask to use office phones.

A Letter to You Re Guests

November 1, 1945

Dear Sir:

We are trying to make the Club a more enjoyable place for you and the other members by correcting abuses of our hospitality. In order to stop unauthorized use of the facilities it will be necessary for the staff to question the presence of certain people on the grounds and in the dining room from time to time.

In order to avoid a chance of embarrassment to your friends who are not members of the Club, we ask that you adhere to the rules of the Club regarding guest privileges. These rules are:

1. Guest cards will be issued at a charge of \$1.00 each to guests for one week upon application by members in good standing.
2. A member in good standing may bring guests

to the Club, but must accompany them and register them at the lobby. This applies also to wives, husbands, and children of members who are not members of the Club. A guest may not visit the Club oftener than twice per month.

The Directors have instructed the Manager to deviate from the twice-per-month rule in the case of families and to allow members to bring their families to the dining room for meals and drinks oftener, provided they are always accompanied by a member. This privilege, however, does not include the use of the locker room facilities. A charge of 25c is imposed on each guest using the locker room and Rule No. 2 must be abided by all guests.

With your cooperation, we hope to continue this liberal interpretation of the rules.

Sincerely yours,

OUTRIGGER CANOE CLUB,

By Gay Harris, General Manager.

Proper Apparel in Dining Lounge

Your attention is again called to the rule regarding attire in the dining room, particularly the lounge. Members and guests are not allowed to wear T shirts, sweat shirts, shorts, bathing suits or other improper apparel in the dining room lounge. They must appear there properly clothed with shirt, shoes and slacks or other appropriate clothing. If you are so dressed, please cooperate and use the Hau Terrace.

See the Manager

If you wish to remove from or bring to the Club premises any surf boards, canoes or any other property which present a storage problem be sure to get permission from the Manager. Do not forget that the Club is not, and will not be responsible for such property. It is not advisable to just lay such valuables around and you must leave a record when they are removed.

Loitering in Lobby

You are asked to kokua with the members and management by not loitering in the lobby. This is a busy place and undue use of it blocks traffic and its functions.
