

ment is mended and painted. Loiterers (non-members) are no longer tolerated. Better than that, Johnny has made a hit with the younger members all the way from babies to 'teen agers. He keeps them in line and the effect of this work will be apparent for years to come and J. H. is to be commended.

### *Clean-up Throughout Club*

Members have commented favorably on the appearance of the Club grounds. Both Gay Harris, acting manager, and Duke Kahanamoku have gotten into a real clean-up race. Trash has been cleared out and burned, the grass and bushes have been trimmed and the work continues.

### *Daylight Saving*

A quick poll of many members informs us that the vast majority favor DAYLIGHT SAVING. They say, "what can we do to go back to it?" "I enjoyed coming to the Club after work, but that extra hour cut off by going back to standard time makes it hardly worth while." Well, here is what you can do about it. A petition has been prepared petitioning the Governor to declare Hawaii on Daylight Saving Time. It will be at the desk in the lobby. Sign it! Copies will be sent to the Governor and the newspapers. It is hoped that if enough people state their preference, we'll get what we want.

### *New Liquor Hours*

Diners may now have liquor served with meals until 8:15 p.m.

## OUTRIGGER CANOE CLUB FORECAST

---

Vol. 4

OCTOBER, 1945

No. 10

---

Issued by Board of Directors

## *Dinner Dances*

On Friday, October 19, a Dinner Dance will be held. Dress will be formal for the ladies on this occasion. Admission only to those making reservations in advance at \$3.00 per plate.

Dances will be held throughout the month on Wednesday and Friday evenings as usual—except

### *Wednesday, October 31—Halloween*

which will be a special party. Come dressed as you wish, holokus, slacks, aloha shirts, sports togs, or dress up if you will. There will be special numbers by the guests, hulas and entertainment and loads of fun. The price? Three bucks a plate—but you must make your reservations in advance—and NOW. Pass the word along to all.

## *Volley Ball Committee Plans*

The committee will announce soon a series of tournaments. There will be a 6-man team league fought out for the Club Championship and trophies. A doubles tournament also will be held for Club championship and prizes. These tournaments will be followed by a Victory Dinner (winners eat free).

The committee has flood lights and these will soon be installed to light the courts in the evening so that the hard-bitten, died-in-the-wool volley baller may play far into the night—explaining his lateness in arriving home to the little woman—as best he can.

## *Aloha to Henry*

Mr. Henry De Gorog, our recent manager, has definitely decided to remain in San Francisco. He is with the Fairmont Hotel and will welcome all OCC members at the hotel. All members of the OCC unite in wishing Henry the best of luck and

send a warm aloha nui loa to him and his family. Gay Harris will carry on with full authority as acting manager of the OCC.

## *OCC Swim Events*

The Club, long inactive in organized swimming, has at last started a real program of again making the Club famous for swimming. Our roster has on it many greats in the swimming world. There are Duke Kahanamoku, Buster Crabbe, Gay and Bill Harris, Dad Center, Marieschen Wehselau, and many others who carried our fame to all parts of the world in the Olympics and other events. Today Dad Center is coaching daily a likely group of young girls, many of whom have real talent. See Dad or Gay if you are interested.

In November, under its auspices, the Club will resume the famous Castle Swim. This event is held on the morning of Thanksgiving Day and will be open to all. Prizes will be put up for men over 40, men under 40, boys, women, girls, etc. A perpetual trophy will be donated which will carry winners' names each year. More details later, but watch the bulletin board in the lobby for information.

## *Sailing Time*

This is sailing time in Hawaii and canoes are being rigged up so that members may enjoy this thrilling sport in outrigger sailing canoes. All members are invited to sail and arrangements for a trip may be made through Edric Cooke of this committee, or see Johnny Hollinger on the beach at his office.

## *Beach Facilities*

Under the able management of Johnny Hollinger it is very noticeable how improved conditions are along the beach front. The beach is clean, equip-
