# Outrigger Softball has Tough 1981 Challenge

By Dave Pierson

If game one of the Surveyor's Mountainball League is a fair indication of the talent of the teams in 1981, then the OCC will have a rough time defending their championship.

Two new teams, the Elks Club and the Industrial Belters (a combination of Belt-Collins Landscape Architects and smaller firms) provide much-needed competition for a league usually dominated by the Outrigger, Bishop Estate and the Kamehameha School staff.

The League opener was won by Outrigger 3-2 over the "Belters" as Dan West barely beat the throw home on an infield out in the top of the 7th inning. Colin Chock had a double and single to lead the team as Bill Head was near perfection on the mound.

Returning veterans of 15 or more year's experience include Archie

Kaaua, Colin Chock, Peter Balding, Dave Pierson, Stew Brissette and Bill Head. Younger vets include coach Bill Kilcoyne, Bill Breeden, Dan West, Levi Stanley, Robbie Ostrem, Mike Ciacci, Bill Erickson, Mark Kallenberger, Dave Shoji and Keone Downing, along with "rookies" Rob Watts and super shortstop Kim Roberts.

The team will enter tournament competition this summer on an outer island with the idea of proving ourselves as one of the best Mountainball teams in Hawaii.

The Surveyor's League is competitive and friendly, with games played in Kapiolani Park at 5:30, right across the street from the club. The post-game parties are *ono* and fans are welcome—so come on over and support your team!!!

## Paddleboard Races

The Club will sponsor an exciting new paddleboard race to be held on Saturday, June 13, at the Club site at Waikiki. This race will be held over a course capitalizing on the surf at "Old Man's," thus differing from the August and December races conducted by the Club over a 10,000-meter ocean course.

Racers will round a flag outside the lineup and pass through the surf during three round trips for a total distance of about two miles, all within the complete view of spectators on shore. The host club's traditional hospitality will be extended to all competitors immediately following the race.

The Club also announced the date of Saturday, August 15 for the summer 10,000-meter ocean race. Details will be forthcoming.

**PADDLING TIME:** Top, Coach Aaron Young conducts a training session for Women's Upper Division paddlers, using such audio-visual aids as videotapes and films.

# The Boston Marathon

By Marlene Denzin with Hugh Murray

Garbage bag manufacturers would have smiled had they viewed the start of the 85th annual Boston Marathon. Clad in the most fashionable of athletic attire were runners covered with garbage bags, clear plastic jump suits, baggy old sweat suits and a colorful array of other running gear and clothing. Athletic socks used as mittens warmed hands and fingers that were tinged with a slight numbness brought on by the invigorating 47° temperature of Hopkinton, Mass., takeoff point of the Marathon.

One might have been slightly confused observing this spectacle if he had expected the traditional "On your mark. Get set. Go!," for as the 6,845 official runners lined up in sections marked off by their qualifying times, a carnival side-show of hot dog stands, balloons and souvenir vendors bordered the mass of bodies.

At the boom of the cannon, multitudes of world-class runners bolted at a lightning sub-5:00 pace along the historical Colonial pathway toward Prudential Center in the heart of Boston. Leading the field were Rodgers, Virgin, Seko, Catalano, Roe and Benoit.

The course provided many challenges as the seemingly endless rolling hills culminated at the crest of Heartbreak Hill, a series of four hills providing a true mental test of strength at this 17.5-mile point of the race.

Thousands of spectators lined the streets to encourage the runners with their cheers and aids of water, oranges, ice and beer. As the crowd pushed inward to get a closer look, they created areas which would allow only one or two runners at a time to squeeze through.

The failure of the course officials to provide 15 and 20-mile split times made pacing difficult. Adding to the calculation problem was the frustration involved with the controlled pace and delayed crossing of the starting line due to the many participants.

The pathway of the approaching finish line proceeded downward as the mind tried to convince the straining leg muscles to push forward just six . . . five . . . four more miles. Echoing shouts of "Sprint, you're almost there" teased as the 20-mile mark came into view.

Finally, the finish line became visible as screams of "Go Hawaii!" once

again enabled the body to take those last few steps which signaled a 2:41.26 (unadjusted time). Hugh Murray had achieved his goal, a new personal record. A feeling of euphoria became mixed with humility as hundreds of shiny, silver space blankets reflected the realization that so many had finished within the 32 minutes following Seko's record-breaking time of 2:09.26, and Allison Roe's spectacular 2:26.46.

As the Outrigger Canoe Club emblem was covered with the mylar blanket, thoughts of Hawaii came into mind along with an inner appreciation of the noble and efficient Cline Mann's aid station and support crew.

Right: Hugh at the 14-mile point, leaving Wellesley. His unadjusted time: 2:41.26—a new personal record. Hugh wears athletic socks as "mittens," needed in the 47° temperature!

# Building and Grounds Committee 1980 Report

By Paul L. Minchin, Chairman

Like Dom Perignon champagne, vintage 1966, Building and Grounds 1980 was a great year. Responsible for making it such a good year was our own "master vintner" Gordon Bradley—the Coordinating Director for Building and Grounds.

Also, like the great Bordeauxs of France, we had our major achievements. First, our "Chateau Lafite" could be considered the final approval to start work on the lower level for the kitchen and storage areas. Special recognition to our committeeman architect Fred White, to Don Fowler, who worked so hard to setup the building permits, to Charles Martin, to Kim Woolaway, to Bill Cook and to all who worked on carrying this project through. And a special side-note of thanks to our President, Bud Ackerman, who handled the delicate matter of having our landlord accept the construction work.

Our "Chateau Latour" might be considered the new Water Heating System. Tremendous time and effort was spent by Linc Scafe to guide this program to completion. This is the project where we now capture the heat from our air conditioning system to heat our water. As the utility rate continues to go wild, the Club is already realizing a saving.

The next major project, our "Chateau Margaux," was the creation of the new executive offices where the ladies powder-room was located. Again our appreciation to Fred White and Architects Hawaii, who coordinated the project. Additional work, including new air conditioning, was done in the accounting offices where our new computer system is located.

Another major project, our "Chateau Haut Brion," was the work done with the sea groin. Much time and effort was spent to get proper approval from the State of Hawaii and the Army Corps of Engineers.

This year also saw several less-major projects, yet no-less important . . . such as the cosmetic improvements to the ladies room off the Hau Terrace; the renovation of the surf and kayak racks—thanks to Paul Bates; the new railings

from the beach to the Colony Surf; and the continuing efforts of George Brangier for keeping our club in good-looking greenery.

It should be noted also that there was a new spirit of cooperation between the Building and Grounds Committee and the House Committee. At each meeting a member of the other committee attended. And it should be further noted that all members of B & G, including Doug Luiz and Jay Harden, helped

make this a "vintage" year.

No highly reputed wine-producing chateau is ever possible without a competent vineyard superintendent. And so it is, also, at the Outrigger Canoe Club. The success of Buildings and Grounds was due in no small measure to the time and efforts and complete cooperation of our General Manager Ray Ludwig. Our warmest "mahalo" to him.

It has been my pleasure to serve as "sommelier" for this dedicated group.

## Know Your Committees

By Art Emanuel

Did you know that you have 23 Committees with 119 guys and gals working like beavers to make the O.C.C. one of the finest clubs in the country?

Here are the second and third in a series of photographs of the various Committees—Winged "O" and Building & Grounds. The Golf Committee was shown last month.

A big hand of applause should be given to these hard-working, dedicated members.

Below: Here are the men who are responsible for seeing that the overall appearance of the Club is maintained—the Building and Grounds Committee: Seated, Paul Minchin, chairman. Standing, from left: Jake Updegrove, George Brangier, Don Fowler, Tom Reiner (coordinating director) and Doug Luiz. Not shown: Fred Shite and Gordon Bradley.

# From the Terrace

By Jorgen Skov

**Thad Ekstrand** and **Stan Hattie** spent several hours in early May helping **Anzai** refine the Margaritas for the Club's Mexican Fiesta. Speaking of Stan, who is known for his extensive camera safaris through Africa, guess where his camera has been clicking lately? Right here at Diamond Head. It seems that some unusually pretty items were bared on the beach and seen by Hattie while painting lanai furniture; he now has paintspots all over his lanai but a rare collection of photographs which he will share later. See what our photo incentive will do.

... Many members enjoyed **Chef Teruya's** exciting Easter brunch, but future Mountainball star **Ryan Pierson** settled for a repast of Gerber's ham and Sweet potatoes on the Hau Terrace.

... Punahou seniors led by **Steve Faulkner** have discovered the Terrace as a better eating spot during recess than the school's snack bar, also nice to get a little sun before heading east for college next fall.

... **Patrick Amtsberg**, a non-resident member living in Monte Carlo, hosted a wedding reception at the Club in honor of his brother and new bride. The elegant affair was to have been attended by **Prince Rainier** and **Princess Grace**, who were visiting Honolulu, but unfortunately they had to return to the Mainland.

... Happy to see **Bruce Lloyd** back from the Mainland, but sad to hear that he will be leaving for a year's consultant job in the California desert. He promises to be back though.

... **Anzai** reports Bar revenues back to normal with **Jay Pease** back in the Budweiser fold following a month of self-imposed abstention. ... **Gail Wayne** got very excited when she found an advertisement in the current issue of "W" for watches she has been promoting in the Islands. And speaking of fashions, California designer **Samantha Martin** of Collection 21 fame has been showing her wares

(fashions) on the Terrace. During a brief stay, she was able to attract several local stores as customers.

... Shed a tear for **Ann McCrary**. This year she didn't get a new car for her birthday, but instead husband **Chuck**, who travels a great deal, managed to stay in town and help celebrate the occasion. All her Taurus/tennis friends tell us that they would rather have Chuck than a car, and we're sure Ann agrees. Happy Birthday.

... Republican representative **Paul Lacey** hosted a party for visitors **Len** and **Yvonne Erb** of Ingalls Ship Building Company. After an all-night session at the Legislature, the stalwart Republican was looking forward to a nice cut of the Club's prime rib, and a night's sleep. Well deserved, Paul.

... **Gerry DeBenedetti**, back from attending a conference in Milwaukee, voices pros and cons about the Milwaukee Athletic Club. Pro: The pool is indoors, a blessing in the 38° weather. Con: Ladies, wear caps please! Pro: Lots of lounge chairs, big bath sheets to wrap in for sauna, and a bargain \$6 for a half-hour massage. Con: "Men-only" areas, only three raquetball courts "assigned to ladies," no powder and shampoo as in our well-equipped locker room. Gerry's final comment: At least the MAC offered a place to keep in shape, a little, while traveling, but there's no place like home.

... **Dick Rapson's** recently published book—his 7th—is his first about Hawaii. *Fairly Lucky You Live Hawaii!* is his personal assessment of the strengths and weaknesses of life for society in the 50th State today. It's receiving considerable and favorable attention. ... Congratulations to **Kristine Dages** and **Bruce Soule**, who were married April 25 in the Central Union Church. And to **Cindy Turner**, *Outrigger* designer, who wed **Hugo DeVries** on May 16 at the Lanikai home of her parents.

... Bargain in the Beach Shop:

heavy-duty-canvas beach bags and totes that are as smart as they are practical. Perfect for shopping, the beach or as gifts for Mainland friends. Nice, too, that manufacturer **Terry Baird** has lowered the price: \$17 for the beach bag sporting the Club name; \$18 for the ribbon-trimmed tote.

... Note to all members: Make this *your* column by giving us *your* news. Just telephone the Club and leave a message for Jorgen Skov or editor Marty Buckley, or drop off a note at the desk with the information. Mahalo!

## The Winged "O" Honor

It was the intent of the founders of the Outrigger Canoe Club to create a club for "the purpose of promoting athletic sports and activities in all their forms and branches." It therefore seems appropriate that members who have made outstanding contributions to the perpetuation of that spirit should be singled out for special recognition.

The Winged "O" honor was established in 1966 to pay tribute to Club members who have given unselfishly of their time and effort to promote our athletic program, either as outstanding performers or as back-of-the-scene organizers and backers of various teams within that program.

It is not an honor to be taken lightly, for it relates directly to the future of that program as well as to its past. Its existence should function as a continuing reminder of the special camaraderie that Outrigger teams have enjoyed for over a half of a century. Even more, it should serve to inspire our young members to maintain the high standards of sportsmanship the founders hoped to foster when they established our Club in 1908.

## Show Up and Surf

By Joe Teipel

Surf's Up!—or so Bruce Ames, the Outrigger's Surfing Committee chairman, will presumably exclaim as he proclaims the start-up of the Club's annual surfing contest on the day the surf permits.

In recent years, all the rules and entry fees have been eliminated and this has caused a marked increase in participation, according to Ames. So, he recommends, people can just "show up and surf" and the judges will determine the top five winners with trophies as awards. Not to worry, though, you non-placing surfers. *Everybody* will receive T-shirts.

As always, the events will be held at "Old Man's" with divisions as follows:

Keiki's 11 and under, 13 and under; Women's Division (Open); Jr. Men's; Sr. Men's; Makule (35 and over) ("Makule" means old in Hawaiian).

Competition is scheduled to get under way Saturday, June 13, surf permitting. If it doesn't, the contest will occur on the first Saturday with acceptable surf. See you there! A Hui Hou.

## Returnee

Eddie Mullers, whom many members will remember from the days when he was the Club's dining room manager and maitre 'd, has returned as relief assistant manager. He also will conduct an ongoing training program for all food service employees.

"We are indeed fortunate to have Eddie back with us," says Club manager Ray Ludwig, "we are now able to take advantage of his expertise."

## Summer Hours

Snack bar hours during the summer months have been extended by one hour. The new times—8 a.m. to 6 p.m., went into effect on May 18 and will continue throughout the summer.

## 1981 Swim Calendar

Save these dates, practice!

## Parking Decals

New parking decals are ready to be picked up at the reception desk. Please ask the receptionist for an application card in order to qualify and receive your decal.

You may affix your new decal atop the old one if you wish. Automobiles without the new decal will not be permitted to use the OCC parking facilities.

Deadline for display of the new decal: **August 31, 1981.**

FRIDAY NIGHT

# SEAFOOD BUFFET

*starting*

FRIDAY, JUNE 5

and every Friday night thereafter

Served between 6:00 to 9:30 p.m. \$8.95 per person  
the **SEAFOOD BUFFET** will replace the regular menu on that night.  
*reservations requested*

### Date to Remember

Be sure and circle (preferably in red) July 25 on your calendar. That's the Saturday you'll want to bring family and friends to the annual Western Barbecue . . . one of the most popular culinary events of the Club year. All those super BBQ goodies—ribs, chicken, beans, corn, to name a few—will be yours for just \$8.50. Watch for further details.

## Open Ocean Swim

By Ian Emberson

The Outrigger invites all members to participate in our third annual Open Ocean Swim in conjunction with the Waikiki Swim Club. It is scheduled for July 5 at 9 a.m.

We had a great turnout last year with over a hundred swimmers participating. Entry fee is \$5.00 and everyone who finishes receives a T-shirt and a delicious brunch. Age groups are men and women, 15-17; 18-24; 25-34; 35-44; 45-54; 55-65 and 65 and over. We certainly would like some of our younger members to swim this year! There will be medals for all age groups.

The swim will start next to the Elk's Club, then on to a buoy near the Queen Surf and then around another buoy close to "Old Man's" and finish at the Outrigger Canoe Club beach. The distance is approximately two miles.

Sign-up sheet for participants is at the front desk. Or if interested in assisting with canoes or surfboards, please leave your name in the same folder. Registration on July 5 will be at 8:30 a.m. and the race starts promptly at 9. Let's have some good Outrigger participants this year.
