Bill Kilcoyne, Mike McMahon, Dave Pierson, Mike Rodrigues, Dan West and Roger Cundall.

On April 19, OCC opened defense of its League Championship. After a loss to M & E Pacific 8-7 in extra innings, on May 24 the team rallied in the second round to take the League Championship for the sixth consecutive year, 16-8. This put both teams in a tie for the title and in the play-off game OCC defeated Pacific 6-1. Final win-loss record was 14 wins and 1 loss.

Leading the batting was Ken Wood with an average of 629. Bill Kilcoyne, Dan West and Mike Ciacci scored 25 runs each with West getting 28 RBI's. Ciacci was leading Home Run hitter with 5. Bill Head led with the most hits-31 for the season. Win-loss record: 18 wins, 3 losses.

The Team Members were: Henry Ayau, Peter Balding, Bill Breeden, Colin Chock, Mike Ciacci, Roger Cundall, Bill Erickson, Bill Head, Guy Jennings, Merle Kelai, Bill Kilcoyne, Mike McMahon, Dave Pearson, Jay Pease, Mike Rodrigues, Dave Shoji, Dan West, Ken Wood, Archie Kaaua "Coach".

PRESIDENT'S REPORT

By Ronald G. Sorrell, President

One of the most meaningful accomplishments last year and one that has had the most impact was the upgrading and maintaining of our food and service without a major price or dues increase.

Tremendous emphasis is being placed on the bottom-line results of our club as we enter the decade of the 80s'. Our natural reaction is to show concern over inflation and the unpredictable economy. Private clubs must indeed look at the bottom line as never before, taking steps to control costs and assuring a sound financial picture. However, your Board of Directors has been careful to not put unreasonable pressure on the manager to raise prices or cut quality. We members pay dues for the privilege of using the Club and have a right to expect a better deal than we would get at a commercial establishment. I'm sure most of you feel as I do that what we get here at our club is a bargain for \$35 a month.

In the latter part of 1979 we were able to get a tighter grip on our controllable expenses. Previously our general and administrative expenses were about 10% above the industry average. We reduced these expenses by 9½% in the last six months without causing any loss of membership comfort and with a 13% inflation rate! The "magician" behind this happening was Manager Raymond Ludwig.

We have also implemented a most effective receiving report to adequately insure our inventory of

goods and foodstuffs from receiving to storage to kitchen and bar.

The idea of charging a minimum charge has been frequently discussed as a way to obtain money from nonspending members. This, however, is not a practical idea for our club at this time for the simple reason that our dining room and kitchen, for the most part, are always near maximum capacity and to have an influx of members wishing to take advantage of their last few days in the month would create havoc in the kitchen and dining room.

You might look at it this way when you think about trying to get to the 20% of Regular members who do not spend money at the Club. For a cost of approximately 7 cents of computer time we bill a nonspender for the \$35 monthly dues and for a 15 cents mailing cost we send his bill. So for a total cost of 22 cents we get back \$35. I think we can manage to get by with 20% of nonspending members. By the way, this 20% figure is about half of what it is at other private clubs throughout the nation.

Most of you probably noticed in our recent market analysis questionnaire two questions pertaining to tax-deductible contributions. Approximately two years ago I mentioned this challenge of obtaining funds for the Club's athletic program on a tax-deductible donation basis to a group of paddlers and within a few days Jeffery Kissel had come up with a section of the code that appeared to provide this long-sought-after answer. Jeff also provided me with a suggested charter. Member and attorney Bill

Eggers made the necessary additions and deletions to the charter and filed it with the State of Hawaii. We recently received approval from the State Regulatory Office to use the name **Ka Aikane** (the friend) and to operate as a nonprofit organization. We are now awaiting federal approval.

I envision this as part of the Winged "O" kuleana. Following IRS approval, there are 354 members, 40% of those who responded to the questionnaire query, who said they would definitely contribute. We would then be in a position to accept funds, property and other assets from individuals, trusts, corporations and estates, providing them with 100% deduction.

Another possibility: **Ka Aikane** could be a beneficiary to life insurance policies; this would be another acceptable method of receiving contributions.

The goal, of course, is to assist the Outrigger Canoe Club in promoting its sports programs.

The other tax-deductible question regarding establishment of a scholarship fund for children of our employees received 259 positive responses, or 26% of the returned questionnaires, more than enough to warrant getting this idea together.

In the area of communication, I've established some new methods of keeping the membership and employees informed of what their Board of Directors and management are doing and, at the same time, listening for feedback:

- The Club Captain and each committee chairperson receives a copy of minutes of Board and Executive Committee meetings.
- Occasionally I have lunch with the employees in their dining room. This has proven to be a valuable line of communication.
- On September 28, 1979 I asked Acting Manager Raymond Ludwig to join me in a rap session with our entire staff of supervisors and employees. We met with approximately 100 of our ohana here in the dining room. I addressed them with current information from the Board of Directors level

(continued on page 4)

President's Report

(continued from page 3)

that would affect them, and Mr. Ludwig did likewise from the manager's position. We then encouraged questions from the floor.

- In August I had a luncheon with approximately 50 members of the Club whom I found to be regular users of our facilities. Essentially, I gave them a mid-year progress report of what their Board of Directors had done up to that point and what plans were pending. Again, the members' suggestions and comments were beneficial and passed on to the Board of Directors and committee chairpersons.

- A monthly President's Report was established in The Outrigger publication to inform the entire membership what was happening in their club.

We have joined the Elks Lodge and other private clubs in the State and formed an organization called CONFOR. This group was established to protect private clubs from adverse federal and state legislation.

The Board set up a policy to monitor guest privileges to reciprocal members. We felt it would be more comfortable for our members to reduce the number of visitors from our affiliated clubs during our busy periods. Therefore, we authorized management to initiate this action and react when necessary.

One of the most responsible and challenging jobs your Board had to face up to in 1979 was the hiring of a new General Manager following the departure of Mr. Riede. We immediately established a Search Committee comprised of selected club members who had a background of hiring senior staff personnel. We then set up an ad hoc committee of directors who also had expertise in this area.

After six months of searching the country, the Committee made their recommendations to the director of the ad hoc committee. This committee came to the Board with two top candidates for the manager job. The gentlemen were interviewed by the Board. Consideration was also given to Acting Manager Raymond Ludwig.

After lengthy and careful consideration the Board then unanimously chose Raymond Ludwig for General Manager. Mr. Ludwig has done an outstanding job as acting manager and now as General Manager. We also recently added to our ohana Barbara Annis (controller) and Richard Lazarski (assistant manager-day).

While I am on the subject of personnel, last year I informed you of the retirement of our office manager Charles Hee. Another kamaaina employee will be retiring soon — Ely Ganancial (better known as Pete) —

Ron Sorrell

after 21 years of service. Why not drop by the bar soon and give him your aloha.

This year an executive ad hoc committee was formed to cut through red tape and get certain important projects done that were either bogged down in committees or needed some assistance in becoming a reality. For example, I overheard at one committee meeting, "We now have eight separate plans of action narrowed down from the two we started with."

This ad hoc committee, with the Manager's assistance, after a lot of hours and "head" work, will bring to fruition this year a solar energy system to reduce our power bills, computerized accounting to increase our cash flow and streamline billing procedures, and the much-needed restructuring of space requirements on the lower level and kitchen. . . . three projects, you will agree, of some magnitude!

A number of our members have

provided us with expert and technical advice when asked. Their expertise has helped us make intelligent decisions in areas where we might only have a working knowledge. Among our friends to whom I am deeply indebted for coming to our aid: Dennis Fitzgerald, President of Computab. In the ever-changing world of solar heating we were assisted by members Alan Johannesen and Lincoln Scafe. Professor Joseph Miccio gave some of his free time and advice at many meetings. Kent Giles for a lengthy comparison study of bar prices at popular places in town and our own price structure. Jeff Kissel compiled an in-depth study of our insurance. Spencer Murphy spent several extra hours working on our parking problems and solutions. Nikolaus Klotz has given us many hours in our food and beverage department. Jay Pease was very helpful in arranging for travel and accommodations for the two mainland club manager finalists. Bill Eggers donated legal time in answering questions and Roy Kesner volunteered to assist me with a technical analysis of our financial statements.

Early last year a dear friend of mine and yours had a close call following a routine jog in the park. Thanks to the expertise of Dr. Sharon Bintliff and a few others, Ward Russell is back with us today in good shape and running Diamond Head.

Due to this close call with Ward I felt that as an athletic club we should have many members trained in CPR. I am pleased to announce that our first CPR class is scheduled for March 3. Thank you, Dr. Bintliff, for your help in organizing this activity with the Red Cross.

I would like to touch on the Treasurer's report which points out the first break-even figure in the dining area. This reflects a number of positive actions by your Board and management. It also points out that club members are supporting their own dining room.

I feel it was another successful year and the credit belongs to management and the 14 men who worked hard for all of you. . . . 14 men who listened to your comments and acted on them. Today we are losing

the services of four talented and dedicated Board members who have given six years of their time serving the Club: Messrs. Baird, Buck, Ifversen and McDaniel. . .two vice-presidents, secretary and assistant secretary. I have had the honor of working with these four men for five years, and in another month or so they will be asked to attend a party in the Board Room to receive an 18-inch steering paddle for their six years of service. This paddle is also given to a director if he has served only one year. No matter how many years of service a director has, when he retires he receives the same paddle as all others.

In my personal opinion I find this system inadequate and unjust. To put in a maximum of six years as a director, as these four men have, deserves, I feel, much more than an 18-inch paddle from the Club. I have, therefore, asked Bob Costa to create and chair a committee to review this procedure and make a decision to improve on it or confirm the present procedure as adequate.

My congratulations to fellow Board members, management, employees and committee members for a successful and fulfilling 1979. Thank you for allowing me to serve. . . it's been a real growth experience!

SECRETARY'S REPORT

By William F. Baird, Secretary

Following the 1979 Annual Meeting, the Board of Directors met in the Board Room and elected officers and appointed Coordinating Directors to the standing committees. In addition to this organizational meeting, the Board met 12 times during 1979 while the Executive Committee met 10 times during the year.

As in prior years, your Secretary was concerned with overseeing membership and guest delinquent accounts. Following strict procedures assured the Club of maintaining an even monthly cash flow.

In addition to this concern your Secretary was assigned to special projects and ad hoc committees. These included going over all

operations controls and finances and special projects of the Club. Recommendations were made to the Board for their action.

Serving as the Club Secretary for 1979 has been a privilege and a pleasure, however, the job could not have been done without the help and support of our dedicated members and especially the Club staff. To all I wish to extend my sincere gratitude.

APRIL GOLF OUTING SCHEDULED

Golfers, mark the weekend of April 18, 19 and 20 on your calendars. Your Golf Committee plans on opening the 1980 golf season with an outing at the Sheraton Hotel on Molokai and its fine course.

A package arrangement is being worked out which will include two nights at the Sheraton, breakfast and dinner each day, green fees, carts, round trip air transportation and portorage at a total cost of about \$170 per person for double occupancy of rooms. Nongolfing spouse or friend will be \$12 less.

Plan is to depart Honolulu on Friday afternoon, play our tournament on Saturday, play a fun round on Sunday and return Sunday afternoon.

For details check with any member of the Golf Committee: Frank Walton, Chairman; Hal Mehlberg, Gene Long, Jim Landrum or with Eric Emberson.

TREASURER'S REPORT

By C. E. "Bud" Ackerman, Treasurer

This has been a most interesting and challenging year for me, as your treasurer, and I am pleased to report that your Club remains on a strong financial footing, and continues to make further gains in most areas. Consequently, I would like to point out a few highlights from our financial statement to give you an update on our operation here at your second-home.

The year 1979 produced another record profit for the Club. The net income for the year, including initiation fees of \$108,400. was \$284,048., compared to \$252,629. — an increase of 12% over 1978.

Total revenue for the Club in 1979

was \$3,145,825. — an increase of \$146,000 or 5% over 1978.

Our building fund portfolio totalled \$282,000 in bonds and \$185,000 in money market certificates for a total of \$467,000.

Members' equity in 1978 was \$1,907,757. Members' equity in 1979 increased to \$2,191,806 — an increase of \$284,048 or 14.9%.

Since we settled here at our new location 16-years ago, your various boards have been trying to get the dining room from operating in the red annually, to a break-even point or better. I am delighted to report that for the year 1979 the dining room made a profit of \$687 a big first!!! Not a substantial amount, but a gigantic step in the right direction. It is our utmost hope and desire to see this new turn-around continue.

Combined sales from the dining room and snack shop totalled \$1,260,848 — an increase of \$40,323 in gross sales, and an adjusted net increase of \$11,353 or a 15.9% increase over 1978. The bar produced gross sales of \$528,925 — an increase of \$20,375 and an adjusted net increase of \$6,292, or a 4.5% increase.

While we are on the subject of the dining room and bar, I would like to point out that the Club's overall income from affiliated guests during the year 1979 amounted to \$797,442 and from whom 41% of our food and beverage income was derived. The 20% surcharge alone amounted to \$126,000. So despite our limited facilities, and inconvenience to our members at times, you can well understand and appreciate the importance of this income.

Beach merchandise derived gross sales of \$184,099 as against \$170,129 for 1978, with an adjusted net income of \$62,300.

General & administrative expenses were down slightly by 5.5% I am happy to report, from \$570,836 in '78 to \$539,583 in '79.

Beach services increased in overhead by 1.5% from \$32,342 to \$32,819. Locker room expenses increased from \$31,509 in 1978 to \$38,277 in 1979, an increase of 21.5%. Various efforts continue to be tried and studied to reduce this overhead.

Other fixed expenses are repairs & (continued on page 6)

Treasurer's Report
(continued from page 5)

maintenance, up 7.4%. Heat, light, and power are up \$15,763 for the year, or an annual increase of 18.8%, and rising steadily.

Our athletic program and allied activities are expanding considerably, and participation by the membership in all sports is increasing perceptibly. This I love to see. However, this factor, coupled with the building and grounds proposals for the coming year, are going to require some astute budgeting and planning.

There is a word affecting our financial statement which I am highly critical of, and that word is "inflation." The national inflation rate for consumers soared to 13.3 percent for the year 1979, the biggest increase since prices exploded in 1946 after W.W. II. The most recent Harris Survey shows "inflation has roughly doubled since 1970 - which means that it takes \$2 today to buy what \$1 did 10 years ago."

My personal concern is, what will the dollar be worth 10 years from now! Inflation is going to be our major problem for the decade to come, and we must make every effort and use all precautions in our financial planning to cope with this menace.

In closing, I would like to thank our manager and personnel in the business office for their cooperation and help to me as treasurer this year, and for their devotion to our Club.

TENNIS LOVE-INS

By John Michalski

In our latest encounter with the Interservice League at Pearl Harbor, the Outrigger Canoe Club Tennis Team came out second-best. Pleasant surprises were our winners, who included Cub Tussell and Chuck Swanson for the men and Dede Openshaw for the women; while Nancy Bannick and Helen Gyllenberg managed a draw against their opponents. Also playing a strong game were Arthur Stillwell and the team of Barbara Norfleet and Linda Payes.

Coming up are a rematch with Beretania Tennis Club in March, a possible match with Waiialae Country Club in April, participation in the City League matches on Sunday mornings, a rematch with the Interservice League on May 17, and the 1980 Club Tennis Championships in June. If we don't have your name and current telephone number and you would like to participate please call me at 373-3231.

JUDGES OF ELECTION COMMITTEE REPORT

By Jack Brown, Chairman

It is my privilege to report to you the results of the 1980 election of directors which ended with the closing of the ballot box at 6 p.m. on Sunday, February 24, 1980.

The following eight candidates were newly elected or reelected to serve two-year terms as Directors of the Outrigger Canoe Club:

- C. E. Bud Ackerman
- John Beaumont
- Robert Moore
- Robert Vieira
- Kim Woolaway
- Guy Harrison
- Sharon Bintliff
- William Cook

In accordance with our bylaws, these persons will join the seven directors currently in office and at the organizational meeting following this Annual Meeting elect a new President and slate of officers to serve the Club thru the year ending in February, 1981.

A total of 959 ballots were cast in the current election. Of these, 19 were not counted: 11 because of delinquency in club accounts and 8 which were mismarked. This left a total of 940 valid ballots as compared with 978 in last year's election and 953 in 1978.

Ballots were mailed to 1,715 club members entitled to vote. These are Senior, Regular, Life and Intermediate members. The order in which the candidates' names appeared on official ballot was determined by lot. Detailed results of the election showing the number of votes received by each of the 15 candidates are included as an attachment to this report.

I would like to thank the following members who served on the Election Committee with me: Bob Costa, Jay Harden, Douglas Jocelyn, Harold Mehlberg, Lincoln Scafe, William Kea, Paul Slater and William Barnhart.

Entertainment Committee Report

By Jaren A. Hancock, Chairman

In its first 1979 meeting, the entertainment committee set the following major objectives for the year:

- Achieve the highest possible attendance at the club parties by keeping the price within reason, picking popular themes for all adult age groups, planning and P.R.
- Achieve a break-even or profit situation for all parties without club subsidies.
- Spread the parties evenly throughout the year to keep the members' interest.
- Open the parties to guest members.

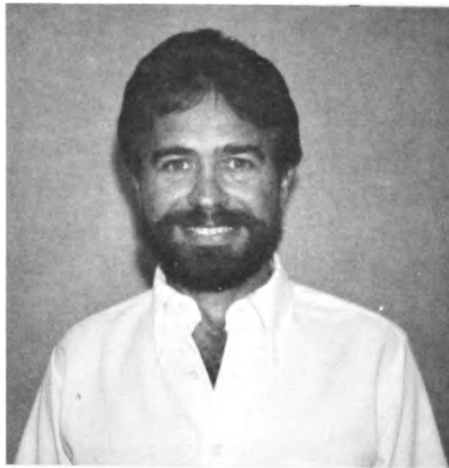

I am happy to inform you that all of these objectives were met. Not only did we have "sell out" situations at all of the parties except one (the dinner dance), but the committee finished the year showing a profit of \$1,487.03 without club subsidies.

All five of our events (including the Hula Bowl) were scheduled throughout the year so as not to "over-entertain" the members and this planning paid off in attendance.

1979 was a very rewarding year for me and an extremely successful one for the committee. It would not have been possible without the thought and dedication of the active members of the committee listed below. I could not have asked for a better group of people to work with.

Jack Brown	Kathy Muller
Betty Brown	Jack Myers
Mary Corboy	Jim Peterson
Cindy Foster	Linc Scafe
Rose Langenheim	C. Sharp
Arden Moore	Gilbert (Poki) Vaughn
	Joette Wheelon

A special thanks to Jeanne Dean, Ray Ludwig, Jim Wells, Chef Teruya and Tom Reiner for their assistance and cooperation.

Membership and Admissions Committee Report

By Kim Woolaway, Chairman

The fiscal year ending has been one of fitful decisions rendered by this committee. Looking to the future of our club, we have had serious questions raised as to the capability of our present facility being able to handle the present membership, guests, and affiliate members, let alone any increase in this number.

A contingent of younger members has now reached the age whereby they are automatically transferring into the Regular member category. This category was closed last March to accommodate this influx and still maintain the Regular membership within the limits set by the Board of Directors.

Children of non-members aspiring to the Junior category have also been put on a holding pattern, as we feel that members' children have first priority and this category is also filling up.

It is our opinion that our club facility has surpassed its original design and intended use by an uncomfortable margin (more at times than others). Even after discussions with the architect of our club, Vladimir Ossipoff, I still hold this opinion and my committee is behind me 100%.

While we do not wish to appear arbitrary in the limiting of certain of our membership categories, it must

be considered that a lot of hours and thought lie behind the actions taken by this committee. We are most mindful of the use and enjoyment of our club by all of our present and future members. We do have a club that is second to none, and every effort within our scope and duties has been expended to have it remain so.

A recap of our membership during the period of March 1979 through December 1979 is in order at this point. Complete 12 month figures aren't available at this time.

1. Senior Member	123 to 126	increase of	3
2. Regular Member	1411 to 1429	increase of	18
3. Intermediate Member	141 to 158	increase of	17
4. Associate Member			
a. Member child	310 to 317	increase of	7
b. Non-member child	114 to 122	increase of	8
c. Spouse	90 to 99	increase of	9
5. Junior Member			
a. Member child	254 to 277	increase of	23
b. Non-member child	80 to 102	increase of	22
6. Non-resident Member	930 to 948	increase of	18
7. Service Member	10 to 9	decrease of	1
8. Life Member	13 to 12	decrease of	1
9. Honorary Member	7 to 7	status quo	0
