Hawaiian Sets World Record

Swims Hundred Meters in Record Time

LONDON, Aug. 20, 1948 (UP)—
“Quote special wire.” “—— ———
of Outrigger Canoe Club, Hona-
lula, Hawayah, set new world's record
today at Olympic Games, London.”

Hawaiians Win Again

The five members of the Olympic Team,
hailing from Hawayah, are the mainstay
of the swimming team, proving conclu-
sively that hula girls and leis (garlands of
flowers to us) are not the only claims to
fame of the 49th State. ——— ——— ———
today won the 100 meter event in ——,
thus establishing a new world's record.

SWIMMING TO OCCUPY BIG PLACE ON OCC PROGRAM

The news dispatch on the front page of the Forecast would make pretty fine reading to our members in particular and to all of Hawaii in general. Your Board of Directors has ordered that it be printed together with the following explanation and program.

No Law of Averages

There is no law of averages (or anything else) to prevent a similar "flash" from being sent out of the UP office again, and maybe again, and maybe again, etc.

We would, of course, immediately after the first transmittal, arrange for the corrected spelling of Honolulu and Hawaii for all subsequent flashes.

The following would also give you that rare, goose-pimpling glow of pride of "that's my Club." **QUOTE**—"MANILA, August 20, 1952."

It is interesting to note that three members of the record breaking United States ——— meter relay swimming team are representatives of the **OUTRIGGER CANOE CLUB of Honolulu, Hawaii.**" (End Quote)

Coming Champions

Hawaii has many potential Duke Kahanamokus, Buster Crabbes, Mariessen Weshlaus, Bill Harris, Bill Smiths—if given the opportunity. The Club has at its door the largest swimming pool in the world, open day and night, and has a host of coaches who can and will develop the future Olympic and National champions—if you give them a chance.

★ ★ ★

Long Range Program

A long range program has been arranged. We can be represented on the 1948 Olympic team and we should own a "controlling interest" in the 1952 team.

It takes time, patience, knowledge, interest, and hard work on the part of **both** the coach and the swimmers to attain these goals.

Our own Bill Harris has been appointed chairman of our Swimming Committee and Head Swimming Coach. We know he can produce results. He did not tell us how, he

showed us how. He knows all there is to know about swimming and has that rare, luckily for us, ability to impart the knowledge he has to others. Every boy and girl in this Club has an opportunity to insert his, or her name, in the "———" of the 1948 and 1952 UP "flash" quoted above.

This plan of action is not "just another swimming program." This is deadly serious. If you are interested, and you must be **really** interested, see Bill Harris. Maybe you only "swim a little" but feel that you would be willing to "try." Have a talk with Bill.

Danger! Danger!

MEMBERS use caution. The tidal wave exposed the old concrete wall at the ewa end of the Club right at the water's edge. This is dangerous and try to avoid it by going into the water near the Waikiki beach side entrance. In time, tides will again cover up this rough piece of concrete—but until then **BEWARE!**

Register in Lobby

Again it is necessary to request members and guests to register in the book in the lobby. It is the only way we can avoid having chiselers come in and enjoy the privileges that you are paying for. If the attendant asks you to register—**PLEASE DO SO—GRACEFULLY.** She is only performing her duty and is apt to be strictly punished for any lapse on her part. We think when you know its importance you will Kokua.

★ ★ ★

Parking Lot Entrance

When you park in the lot you have only one entrance direct to the Club which you are permitted to use, the one nearest Kalakaua Avenue. Do not use the makai gate. This is for tradesmen and deliveries only. You **MUST** register

in the lobby and the use of the lower gate is an invitation to forget to do so.

Christmas Gratuity

Christmas is only a short time away and again we are thinking of a distribution of cash to the employees as a gratuity. You will receive a statement in the mail charging you with the sum of \$..... which will be distributed to all the employees of the Club on an equity basis depending on salary, length of service, etc.

Perhaps you may think, "I tip the waiters, why should I pay more?" The answer is that the Club employs 56 people. There are the people in the office, the lobby desk, the wash man, the yard boys, the painters, the cooks, dishwashers and many others, who though they contribute daily to your enjoyment and needs, never have opportunities for personal contacts and tips. It is hoped that all will accept this assessment with a feeling of a good gift toward a good cause. However, you may if you wish tear off the top of the statement and return it to the Club before December 1 and you will not be charged.

New Public Address System

Through the good work of the Entertainment Committee and the kokua of the Board of Directors a new public address system with amplifier and record player is being installed. The work is under the supervision of our good friend and member, Cliff Melim, and is certainly a much needed improvement.

You Can Kick . . .

The Entertainment Committee is anxious to know whether you like their program of entertainment or not. If you have a kick or a squawk, a suggestion for improvement, some pet idea or even a peeve, let them know. This committee is putting out time and effort to make you happy. If they are successful—give them a pat on the back—if not, well, tell them so. Constructive criticism and ideas will be accepted in good spirit and acted upon. Mahalo!
