

# OCC Cyclers Ready To Go

The OCC Cycling Committee has an exciting program planned for 1989. A combination of weekend events and daily training rides are being scheduled to provide plenty of excuses to spin your wheels with other Club members.

We are also looking into the possibility of expanded use of Club facilities for cyclists and have sent out a survey to all members to get input on what we should be doing.

Training rides are going to leave the Club every weekday evening at 5 p.m. Rich Blum will lead a one-hour ride (longer or shorter depending on darkness). The ride will be at a moderate pace in the Hawaii Kai direction.

Quarterly events will feature a Sunday morning ride built around a theme such as eating, invading other clubs or just generally getting rowdy.

Storage of sports equipment has always been a big benefit of Club membership for canoeists, surfers, kayakers and sailers, as well as users of smaller stuff like running shoes. Well, your committee is looking into ways to make secure storage available for cyclists too. The problems to be overcome are finding space, controlling its use and making sure storage is active, not abandoned.

The Committee needs your help. If you have any ideas, we need all the

help we can get. Contact any member of the committee if you want to help. Members are Jill Cheever, chairperson; Rich Blum, Steve Timpson, Joette Wheelon, Allen Williams, Pat Blum and Lissa Dunford.

Watch the Bulletin Board in the Tunnel for current news of OCC cycling. The new Bicycling section opposite the Beach Shop will feature a ride calendar and info on special events. If you want to lead a ride or let others know when you ride, give us a 3x5 card with details and we will post it.

We have also made special arrangements with the Hawaii Bicycling League to become an organizational member and participate in all HBL sanctioned events. This will extend LAW membership and insurance coverage to OCC Cycling and you can get your own individual membership which

includes the bi-monthly newsletter delivered to your home for the special discount rate of \$5. Just give us a call for details or stop by the Bikeway for an application.

The survey in your OCC bill is your way of telling us what you want, so don't throw it away. Fill it out and send it back when you pay your bill or drop it off at the Front Desk. The more interest we get, the more we are going to be able to do for you.

See you on the road! 🚲
