NEW MEMBERSHIP CARDS

The membership continues to grow—so to protect our members against gate-crashers and chiselers, new membership cards will be issued beginning September 1st. Get yours at once, for the attendant is instructed to have all members show their cards at the entrance.

The new membership cards are issued to all members who are in good standing. You may notice the new number on all cards as we had to rearrange all memberships to make them follow in order. So please be careful when signing chits and make sure you write your correct number on the chits.

MAKANA

Yes, it's *makana* (a free gift) every Wednesday — 5 to 7. Dancing to the music of our own Outrigger Serenaders. Bring the wife, the girl friend, or just her. (No Wednesday dance Sept. 23.)

GUEST CARDS

Guests will not be admitted to the Club without a card. Cards will be issued for one week only and from Monday through Friday. Of course, guests may accompany members but you must register them. A limit as to the number of guests must be held down in order that our own members be always accommodated.

The parents of the Junior members can obtain a guest card whenever they want to use the Club.

DANGER

In case of any emergency the Club Pennant will be lowered. This is your signal to get out of the water to safety.

IT WILL NEVER GO!

They're crazy . . . and a few choice remarks like this were the order of the day when the Outrigger started its new venture. Dire disaster . . . assessments . . . donations . . . subscriptions . . . that's what we'd end up with. Well, folks, next month the *Forecast* will give you many a chuckle—for it will be our financial statement. Why not this month? Well, maybe by September 30 we'll be out of debt—except for bonds.

CANOE STEERSMEN

HEY, FELLERS!

Won't You KOKUA?

Our Club is your Club, too. It's a nice new Club, everything in order—paint fresh—grass green—furnishings fine—but the Juniors' Department—well, it's not so good. We have a few budding authors and artists who write and draw on walls, the drains get stopped up and—oh, well, you know. How about trying to KOKUA, keep the place clean like your own home? You owe it to the other fellow. Due to the fact that material is hard to get, it might take a few months to do repair work so consequently we may have to close up the locker rooms in the meantime.
