that should battle with Minvielle in the Castle race."

## FIRST EVENT AT 9

The first event of the meet starts at 9 o'clock when the novice paddlers vie over a quarter-mile course. In this race, the Outrigger paddlers under 16 years of age and the University novices will meet.

Following will find the junior division members meeting over a half-mile stretch. More than 20 juniors have already signed for this event. In this race, the Rainbow contestants of the junior class and Outriggers under 18 will compete.

## 10 ENTER FEATURE

As the third race of the day, the Castle swim over the mile course should present one of the most thrilling races of the year. Only about 10 natators have signified an intention to enter this gruelling event, among them being the pick of senior stars from the Canoe club and the University.

Competing over the same quarter-mile stretch of surf that the novices do earlier on the program, the intermediate group will show after the feature race. This event is expected to draw the largest field of the morning.

## VETERANS MEET

"Feature" might be given as a title for the fifth race of the meet in which men over 30 years of age and senior women from the Outrigger club will meet. Following this, the O. C. C. women and University senior mermaids will meet in the final race of the morning. The last two races will be over a quarter-mile stretch. All races will end in front of the Canoe club beach ewa of the Moana hotel.

The University swimmers have more reason to want to win their races than do the O. C. C. swimmers, with the Associated Students of the Manoa school offering 15 medals to its leading swimmers. The University team is split into five divisions, with a gold, silver and bronze medal going to the first three finishers in each of the groups. These divisions are senior, junior, intermediate, and novice for men, and open for women.
