Craw showed up surprisingly strong behind his brother Wilbur.

## KEN WOOD FIRST

The feature event, the famous Castle swim, was some time finishing owing to the adverse water conditions prevailing. In fact, 37 minutes elapsed between the starter's gun and the finish, when Ken Wood, emphasizing the old adage that "youth will be served" came splashing in ahead. "Toots" Minvielle, veteran and hero of many a tough swim, ploughed in some distance behind. The result was a surprise to many, who figured that young Wood had too tough an assignment for his crack at the handsome Harold Castle trophy.

## GESSLER KEEPS GOING

One of the most interesting features of the swim was the renewal of Cliff Gessler's and Bob Askew's annual feud in the event for men over 30. Cliff added to his impressive string of victories, while Bob, who tried to set too hot a pace, developed cramps and had to be pulled out of the water. Better luck next time, Bob.

It is understood that at an impromptu meeting held by the wahoines after the races, it was unanimously decided that in future, the boys would be given a start of at least 50 yards. The tenet of the meeting was "Give 'em a break."

An outstanding feature of the meet was the efficient manner in which the races were handled. An open water swim is very difficult to run off and the following officials are to be congratulated on their fine cooperation and service:
