

ARMY PLACES 14

ATHLETES; PALS

LAND 13 PLACES

**Hung Wai Ching Steps Off
Broad Jump In 21 Feet
10 Inches For New Mark**

By LOUI LEONG HOP

One Rainbow relay meet record was cracked and another tied in the 1929 trials held yesterday afternoon at Kamehameha field, where the Army spikemen, "dark horses" in the affair this year, qualified 14 athletes to 13 of the Palamas, last-year champions. The University of Hawaii registered 10 men while the Outrigger Canoe club chalked up seven, the Nuuanu "Y" three and the Central "Y" one. The H. A. C.s failed to land a single berth.

Hung Wai Ching broke his own broad jump mark, made last year, by leaping a distance of 21 feet 10 inches in his last jump in the trials. The old record was 21 feet 6 inches. A. Cox, Kam sprinter who is wearing the Palama colors, and J. M. Medeiros, also of Palama, covered the 100-yard dash novice in 10 1-5 seconds, tying the record held jointly by H. French of Army and M. S. Chong of Palama.

Placed in Everything

The Army registered in every event yesterday. The Schofield boys earned three places in the 100-yard novice, three in the pole vault, two each in the javelin and discus and one each in the 220-yard low hurdles, shot put, high jump and broad jump.

Palama's strength in the sprints could be gleaned from the fact that Wilder Parker's men landed six berths in the 100-yard novice and three in the low hurdles. The Pals qualified three in the high jump and one in the broad jump.

The University of Hawaii trackmen, coached by L. B. ("Spud") Harrison, flashed some strength in the field events by taking three places in the shot put and three in the javelin throw and two in the discus.

Disqualified

Hung Wai Ching, Nuuanu "Y" sprinter and broad jumper, was disqualified in the 220-yard low hurdles when he started in one lane and finished in another. Ching finished first in his heat and looked like a certain point scorer Saturday.

No startling feats were accomplished yesterday in the field and pit events outside of the broad jump. The pole vaulters stopped at the height of 10 feet 3 inches, the high jumpers at 5 feet 6 inches.

The best heave in the shot put was made by William Whitman of the University. His distance was 38 feet 9 inches as compared to the record of 44 feet 11 inches by Manuel De Mello of Palama, who is now on the mainland. Kahler was the best discus thrower yesterday but his heave to qualify was 122 feet 5 1/2 inches, as compared to his record of 134 feet 9 inches made while he was in the army.

Philip Westgate of the University chalked up the best javelin throw when he threw it 158 feet. This is some 12 feet behind the mark of 170 feet 1/2 inch by Jimmie Cruickshank.

Opinion expressed before, during
