

# Schofield Will Send Thirty-eight Athletes Palama Next Largest

**Trials for University Track Meet This Afternoon;  
Outrigger Club Sure to Score Heavily  
in Annual Classic**

**A** RMY has 38 men in the try-outs for the Rainbow Relay carnival this afternoon, the largest number of entries from any one organization, and Army's entry in the meet is looked forward to with great interest.

Army athletes are an unknown quantity, but from reports the local boys must do some lively stepping to keep in front.

Palama has the second biggest entry, with 35 men signed up for the preliminary try-outs. Palama last year tied for first honors with the Deans, and this year are just as strong.

University is entering 33 men. Two years ago, in the first Rainbow Relay Carnival, University captured first honors. Last year it tied. If it wins this year, it will carry home the Carnival Cup for a permanent trophy.

Outrigger has the smallest number of entries with 24. But Outrigger boosters count on quality to pile up the most points in the meet. And Outrigger has a big threat in its array for two dozen star athletes.

The Y. M. C. A. is entering half a dozen.

Officials for the carnival include Sgt. E. C. Corn, referee; Ralph Borden, clerk of the course; William Waters, assistant clerk.

E. C. Chase will serve as clerk of field events and J. E. Hoch of the pit events.

Arthur Powelson will be starter, Don Watson scorer, Ez Crane recorder. The track judges will be Skeet Swan, Red Zimmerman, Captain Urquhart, Captain May, and Lewis Carpenter.

Timers will be Arthur L. Andrews, Ben Clark, "Dad" Center, Louis Stevens and Bryan Girdler. The following men will be inspectors: Herbert Kappeler, Stanley Mott-Smith, F. E. Crumley, Charles Cassidy, Archie Mottger and Colby Tarleton.

J. Biddle has been appointed to serve as judge of the walking contest. Lieut.-Col. Adna G. Clarke, Sr., will act as field marshal.

Palama's two-mile relay team, Nuiwi, Harrison, Castanha and Kahoiwai, with the last two running as third and anchor, will be hard to beat.

Castanha is an old war-horse on the local course and one of the best distance runners in the islands. Kahoiwai recently broke the inter-scholastic record for the half-mile by running the distance in the fast time of 2 minutes, 4-8 of a second. Y. F. Lee, E. Nishihara and E. Gecas are also training for the two-mile relay.

Outrigger is expected to give Palama its hardest rub. Henry "Duke" Thompson, W. R. Lindsay, M. Wright, H. Medeiros, W. Fullaway, G. Harbottle and D. Howland are being entered by the bench club.

Army will have H. King, C. Mark, C. Chapman, A. Hodgson, P. Clay, D. Crawford and R. Stelle, while University is grooming H. "Wainana" Low, Joe Sweeney, Tom Maeda, Jorgen Jorgensen, J. Jensen, Ventnor Williams, G. Cheatham and Mel Petersen.

The running of "Jinky" Crozier, of Outrigger, is being looked forward to, with keen interest among local track fans. "Jinky" ran on the noted Cornell mile-relay team and the medley-relay team, establishing quite a reputation for himself in eastern intercollegiate circles.

Bernard Farden, who ran the 100 yards in 9.4-5 seconds in 1925, will run for the University in both the quarter-mile and half-mile relays. His addition to the Varsity camp is a notable one.

DeMello, island shot-pot champion, will be out to defend his honors in this event. DeMello will represent Palama. Close competition is expected from G. P. Gomes, a teammate, and from Ramsey Ross of Outrigger, Temple of the Army and Wriston of University.

Jim Cruickshank, holder of the island record for the javelin, will compete again this year. Preaching him in this event will be Antonio Cruz, of the University, who has been shooting the lance over Jim's record, in practice, and may break the standing record.

Charlie Lois of Palama and Walter Holt of University will be rivals in the running high jump. Milton Carter, island champion, is not in the contest. The running broad jump will see a trio from University fighting for top honors — Al Lomas, A. A. U. champion; Hung Wai Ching and Joe Gerdes. Bert Itoga and Malthe Holt of Palama are also strong contenders for the premier honors.

Dick Gartley, island champion in the pole vault, will be in action. He will jump for Outrigger again. J. Correia of Palama is expected to give Gartley his closest rub in this event.

## Cambridge Is Golf Victor Over Oxford

(UNITED PRESS BY NAVY RADIO)

LONDON, March 30.—Cambridge university today defeated Oxford university's golf team, nine matches to six. The Cambridge racquets team also trounced Oxford 2 to 1. The victories for Cambridge today represent almost a clean sweep in BRITISH intercollegiate sports and now Cambridge is favored to win Saturday's boat race.

cial four-ten Sunbeam racer, announced today that his next race will be for 300 miles at Marseilles, France.

## Sport F William Comment

**TY COBB, THIS SPEA**  
**A** LREADY rumblings are heard from Louis, Detroit and Cleveland, finally awakened to the fact that they have been taken away from them. The season opens, the Indians and the Cardinals have Frisch on the bench, and the hitting Hornsby.

There will be hoos and jeers in Detroit, Cleveland and St. Louis as all will wear alien livery, and they will hurl raspberries in the air.

All of course will be well as long as Cleveland are winning, but when they will rise up on their hind legs and say "We want Speaker back," or "Give us Ty Cobb" Detroit will be in a bad way. "McGraw put something over on Hornsby," is the way the Mounties will say it. Yes, it looks like a lively season.

**"A ROSE BY ANY**  
**WHEN BILLY GRIME**, the famous, started to attract attention, friends counselled with him to not do plume. His reply was: "My own name is good enough. I do not propose to change it. The whole world will hear of me, and I will never be satisfied until I reach the top class."

Grime may not be as good a fencer as van but what matters if the A hopes to do. Names are names.

### GRIME GOT THE MEDAL

**G**RIME relates a story of an exhibition with Ritchie King, champ of the Fleet while the American war ships were in Australia two years ago. A boat was arranged and it was to be purely an exhibition affair, but in the second round King tried to sneak over a "honey maker" and almost succeeded, but Grime ducked in time and came back strong.

"Who won the fight?" I asked Grime.

"They offered a diamond studded medal to the winner, and here's the medal," he replied, as he exhibited a handsome watch fob studded with a gem that must have weighed half a karat or more.

### SPORTSMANSHIP STRESSED

**A**TLETICS in Junior High school circles here appear to be in safe hands. Of this I was thoroughly convinced after hearing E. H. Robbins, the physical director, talk from EGU radio Tuesday night.

Boys are carefully examined by a physician before being allowed to compete and then advised as to what sport they are suited. The highest principles of sportsmanship are taught and that's the time to start teaching sportsmanship — in the junior
