

Soccer Player Gets His Turn

The Outrigger Canoe club will commence its soccer practice this afternoon at 4 o'clock at Makiki field. The management of the team has requested that all those who are candidates or who would like to play with the Surfers be on hand to take part in the workout this afternoon. Outrigger will probably be one of the teams to compete with the soccer combines from the cruiser Capetown of the British navy which will come here some time in December.

Practice starts promptly at the hour this afternoon. Players are requested to be on hand accordingly, if possible.
