

# SOCCER LEAGUE HAS NO FIELD FOR PLAY

The Honolulu Soccer association is out in the cold, cruel world without a field on which to stage its big cup tie competitions on Sunday, February 20, and Tuesday, February 22, when the inter-island soccer championship will be decided. It had been hoped to get either Kamehameha field or lower Punahou field. Efforts are being made to secure either of these grounds. Moiliili field, the scene of regular league play, is being used by the Elks for the carnival.

Draw for the inter-island competition last night resulted in the Kauai and Hawaii\* teams being matched for the first game and the Maui and Oahu teams for the second game Sunday. The winners Sunday play the championship games on Tuesday, although Kauai wants to play on Monday so that it can catch the Monday boat.

The executive committee met last night and selected 22 players from the Honolulu body to represent Oahu in the series.
