Over 1000 Register At Outrigger Last Month

Outrigger club statistics, as reported at the last monthly meeting of this popular and progressive organization, are indicative of the sustained lure of "the beach at Waikiki."

The board of directors of the club met last Tuesday afternoon, Mrs. F. M. Swanzy, president, presiding.

While March is not a summery month in many mainland places, like the other eleven twelfth of the year it is a swimming and bathing month on Honolulu's chief beach, and during March over a thousand persons registered at the Outrigger club—1076 to be exact.

And during last month 184 parties were given—an average of half a dozen a day, and more.
