

## IS MARICHEN GOING?

**H**AS there been any effort made on the part of the Outrigger club to encourage a trip to Florida next March for one of its best known members, Marichen Wehselau?

Miss Eleanor Garratti and two of her girl friends, both good swimmers are to be sent by her club on the Pacific Coast to compete in the women's championships under the direction of the Amateur Athletic Union.

Miss Wehselau defeated Garratti here in three sprint events, and yet the Pacific Coast newspapers announce that Miss Garratti will go to Florida to defend her title as champion, and her club pays all expenses, not the A. A. U.

On the other hand does anybody know whether Marichen Wehselau is in training or whether she has done any swimming since that last meet at Punahou. No competitive meets have been held here since that time, and Victor Lidga told me with his own lips the swimming committee proposed to hold meets every three months.
