

LIKES CRABBE'S STYLE

GLANCY had many nice things to say about Clarence "Buster" Crabbe after he had seen the local youngster in action in the Hawaiian A.A.U. championships.

"Crabbe has lots of power in his stroke and is a mighty promising swimmer," Glancy said when the name of the Outrigger flash was brought up in the conversation.

"He will give the boys a surprise in the longer distances if he shows what he did in the last meet."

TURNED IN NEAT FURLONG

CRABBE turned in a beautiful 220 yards performance last week when he was clocked in 2:21 2-5 without serious opposition to spur him on to faster time.

Given competition he will do better and while he will be meet-

ing the greatest swimmers in the game in the nationals, he will not disappoint his followers.

The 1927 championships being in the form of a debut, for Crabbe he will not be expected to win a title, but he will figure in the thick of the fight while he is in there and those who beat him will be doing close to world's record time.

HAWAIIAN TEAM TO START

COACH "DAD" CENTER will commence grooming the Hawaiian team for the nationals this week. There is still time for those who are not in the pink of condition to round into form and an improvement in the ability of those who are qualified to enter the classic will certainly be noted when they appear at the Memorial pool.
