

PAN-PACIFIC CLUB HAS 2 LUNCHEONS WITHIN THREE DAYS

Two Pan-Pacific club luncheons are being held within three days at the Y. W. C. A.

Today, the Pan-Pacific Women's club gave a luncheon in honor of Miss Isabelle MacCausland of the Kobe Girls' college, Kobe, Japan. Immediately following the luncheon, Miss MacCausland spoke on "The Importance of Good History Teaching." Mrs. Theodore Richards presided.

On Monday, the Pan-Pacific club will hold its regular weekly luncheon at the Y. W. C. A., meeting in conference to take up with its different units the matter of visional education. This luncheon, which is open to the public, will be primarily one of discussion by the heads of the different committees on the work they wish done by the visional education department.

The Junior Pan-Pacific science council is now prepared to make many kinds of educational films, both moving and still work. It is proposed to take up with the Outrigger Canoe club the matter of making a pictorial history of this organization which will be 21 years old in a few months.

A collection of early photographs will be reproduced on still film and up-to-date photographs made of the present conditions.

The story of the Trail and Mountain club, which is now 18 years old, will also be told in films made from the collection that R. J. Baker has been making of the different hikes and travels from the day that the club was born.

The story of the Pan-Pacific Research Institution and the different schools, public and private, will be arranged for, and the work outlined so that the different units attending the Pan-Pacific luncheons will have a definite interest in what is being done.
