

RAINBOW RELAYS TWO WEEKS LATER

THE Rainbow Relay Carnival staged annually by the University of Hawaii, is scheduled two weeks later, on March 31. Here again interest will surpass anything in past years since the A. A. U. clubs are reputed to be stronger and better balanced than ever before.

Palama is expected to enter a strong team, the Deans always offer much by way of opposition and the Army may send down another "dark horse" entry that is likely to spill the dope a dozen ways.

Whether the Outrigger Canoe club will again enter a team is not so certain. But if the Beach club elects to remain out of track and field competition it has been decided that the erstwhile Outrigger performers and team candidates will go over in a body to a proposed "Punahou" squad.

The new team, if formed, would be composed of alumni of Punahou and any others who have taken part under Outrigger colors in past years. "Jinky" Crozler, Pun track mentor, is said to be behind the move and would take charge of the club.
