

## WATCH "BUSTER" CRABBE IN THE BACKSTROKE!

IT may not be generally known, but Dad Center has developed Buster Crabbe into a mighty good backstroke swimmer, capable of making close to record time, and it is from Crabbe that Warren Kealoha, our Island champion, will get the acid test. Outrigger club members declare that Buster will beat Warren in the backstroke events, but those of the Hui Makani are of the opinion that the veteran knows too much and still retains his speed.

What we all hope Buster Crabbe will do, is to set up a new mark for the 1,500 meter free style, and if he gets the right sort of competition he is likely to turn this little trick.

The A. A. U. swims start tonight in Waikiki memorial pool and will continue to Saturday, with feature events every night.

Every swimming fan, every sportsman in Honolulu should attend or subscribe by buying tickets.

Our local swimmers are not asking something for nothing. They are willing to give the public the best they have.

Let's show them that we are with 'em.

Everybody out, tonight, Friday and Saturday.
