## CONGRATULATIONS

The appointment of "Dad" Center as a member of the Olympic swim committee shows how highly the Outrigger club coach is regarded in swimming circles on the mainland.

Wherever you go in the United States—or in any other country where there is swimming competition—"Dad" Center is known by reputation if not in person.

When the Keio university baseball team passed through Honolulu a few weeks ago the writer asked one of the boys how Takaishi, Japan's leading swimmer, is making out. The reply was that Takaishi is going strong but that he is handicapped by not having a good coach "like Dad Center."
