

Two World's Records Fall In Swimming Competition

(Continued from Page 10.)

ous spirit he displayed at the finish line.

Second Record

The second world's record was smashed when Johnny Weissmuller of the Illinois Athletic club, who is credited with holding more swimming records than any other swimmer in the world, finished first in a 100-meter sprint and then made a turn to continue his 150-yard swim in an effort to lower his own record. His old record of 1 minute 27 4-5 seconds fell flat when Weissmuller finished the 150 yards in 1 minute 26 seconds. As a swimmer in sprint events Weissmuller is in a class by himself, and the crowd awarded him generous applause when it was announced that he had broken another record.

In the 400-meter freestyle swim for women, Lillie Bowmer May, Outrigger Canoe club, finished about 10 yards ahead of Mildred Elaught, Outrigger Canoe club, in 6 minutes 17 3-5 seconds. Lorena Hines finished third, and Frances Bickerton finished fourth. All of the swimmers are from the Outrigger Canoe club.

On Even Terms

For the first 100 meters the swimmers were on even terms, and were hitting up a furious pace as they sprinted down the long pool. May gradually drew ahead, and during the final 100 meters she put everything she had into a final spurt that gave her first place but left her so exhausted that she had to be lifted from the water.

1500-Meter Swim

In the 1500-meter freestyle swim for men, "Buster" Crabbe gave an exhibition that drew forth much applause from the crowd. Swimming against Manuella Kalili of the Hui Makani, Crabbe was not forced to his utmost, and maintained a steady pace throughout the race, finishing about 50 yards ahead of Kalili, who himself had made a great swim, and had held Buster on even terms during the first few laps.

Crabbe took the lead at the end of 300 meters by gaining about three yards on the turn, and during the remainder of the race he piled up a lead that gave him the race by half the length of the pool.

The time for this event was 21 minutes 3-5 second, almost two minutes behind the record now held by Arne Borg of Sweden, who has covered the 1500 meters in 19 minutes 7 2-10 seconds.

Relay Event

In the 300 meter relay race those who attended last night's meet had an opportunity to see the American medley relay team that defeated the teams of all other nations at the last Olympic, and while Weissmuller, who is the freestyle swimmer of the team, clearly did not extend himself, there was some hint of the greatness of this team in the easy manner in which it performed.

It was evident that these three swimmers, knowing their own speed, did not desire to defeat Hui Makani and McKinley too badly, and not one of the three made the time during his swim that is ordinarily expected of him.

The time for this 300-meter medley relay race was 3 minutes 44 seconds, nothing like the time made by this same team, swimming in the same order, during the Olympics.

Fast Sprint

In the 100-meter freestyle sprint for boys under 18, John Fortune, Hui Makani, finished first against a large field, in 1 minutes 22-5 seconds. M. Kalili was second, Paoa was third, and Harris finished fourth. Fortune took the lead at the beginning of the race and held it throughout.

The 50-meter freestyle, girls' novice, got away for a bad start, and it was run off again later in the program. Ramona Clark, unattached, finished first. H. Kauai finished second and Loretta Gillespie was third. The time was 31 3-5 seconds, which is considered good time for youngsters in this race.

The 100-meter freestyle sprint for service swimmers, while the time was rather slow, proved to be the hardest fought race of the meet. Wurzbach, Fort De Russy coast artilleryman, and Utzman, Marine Corps, who finished first and second respectively, were not a foot apart when the race was over. There was also a hard fight between Svarney, Fort Shafter artilleryman, and Novitzky, another Fort De Russy swimmer, for third place. The time made by the winner was 1 minute 31-5 seconds.

Fortune Good

In the 100-meter sprint for men, Johnny Weissmuller, Illinois Athletic club, took first place in a three cornered race against J. Fortune, and A. Ahia, Hui Makani, who finished second and third in the order named. The time was 60 4-5 seconds, but this slow time may be accounted for by the fact that Weissmuller was out to break the 150-yard swim record and had not turned loose with his world famous sprint until he had traveled half the length of the pool. Fortune and Ahia swam a remarkable race, Fortune finishing only a very short distance behind Weissmuller at the end of the 100 meters.

swim for women, Betty Hammond, Outrigger Canoe club, finished first in 1 minute 47 2-5 seconds. Virginia Hammond was second, Jenny Woodd third. The three swimmers were on even terms for the first 50 meters but Betty drew ahead during the last half of the race and finished about five yards in the lead.

Backstroke Race

The 100-meter backstroke swim for men was won by Paul Wyatt in 1 minute, 13 1/5 seconds. Wyatt took the lead from the start and held it steadily throughout the race, finishing about 8 yards ahead of Komenaka, Nuuanu Y. M. C. A., who finished second. John Keliikeewa, Hui Makani, was third.

The 200-meter breaststroke swim for men was a very good event. Henry Souza, Hui Makani, finished first in 3 minutes 1 4/5 seconds, after 200 meters of hard swimming during which it appeared to be almost anybody's race. A. K. Pang, unattached, was second; W. H. Pegan, service swimmer from Fort DeRussy, was third, and Francis Peacock, unattached, was fourth. Pang and Souza put on a sprint during the last 100 meters, but Souza increased his lead to about 8 yards, which he held until the finish.

In the 100-meter backstroke swim for boys under 18, Manola Kalili, Hui Makani, finished first; Paoa finished second and K. Wood was third. The time was 1 minute 20 seconds, which is considered excellent time for youngsters in this race.
