

FOUR RECORDS EXPECTED TO BE BROKEN JAN. 1

Fast Times Are Being Made In Practices; Shell Com- pany Sponsoring Program

Four records are expected to be shattered next Tuesday morning in the fifth annual New Year's Day surfboard paddling program on the Waikiki Ala Wai. The marks figured to be smashed in this bill, which is sponsored by the Shell Company of California and staged under the direction of the Outrigger Canoe club and Dawkins, Benny, are: 220-yard boys under 16, quarter-mile women's open, 220-yard girls' novice and quarter-mile boys under 18.

Surprisingly fast times are being made by the various entries in practice and those affiliated with this sport are high in their predictions of the coming events.

Some of the crack surfboard paddlers who are looked upon as record holders after all is said and done in the program include: Craw, Beatrice Newport, Mildred Slight, Lorena Hines and Nason Newport.

The committee handling the events reports a favorable entry list from all quarters. The program will get under way at 9:30 o'clock and it is expected that the final event will be run off by 11 o'clock.

The course will soon be surveyed and the starting point determined.
