(Continued from Page 12)

mer who has done under 11 minutes. The 440 yards freestyle will show great competition between Mildred Slight, Lorena Hines and Jean Smith who has shown great improvement lately. The last event of the even-

ing will be the 880 yards relay for men with the Hui Makani, Army, Hui Nalu and an all star team. The Hui Makani team made 9:47 last year but should better this considerably.

## MANY OTHER EVENTS

Some of the minor events will be very interesting. In the 50 freestyle for boys under 13 Imori, the Washington star has made 29 3-5 which is two seconds under the record held by Malcolm Paoa. The 100 freestyle for women novice will be very interesting with Olga Clarke, the Out-rigger star, Rose Simerson, Barbara Baril and others. The record is 1:16 held by M. Livingston. Olga Clarke made 1:07 3-5 last year in a race for the girls under 15 and is faster now. Rose Simerson made it 1:14 3-5 in the 100 meters which is equivalent to 1:07 for 100 yards. The 440 yards freestyle for Service, record held by Olson, 5:49, will feature Hanhy of Fort Shafter who has done 5:35 in competition.

The Royal Hawaiian Band will furnish the music for Wednesday night and the McKinley Band on Thursday night. The events will begin each night at eight o'clock sharp. An added event of great interest will be surboard trials against time with no restrictions on size or shape. Some of the new cigar and balsa boards are very fast and the tank record of 34 flat for the 100 yards should be broken by three or four seconds.
