

# CRABBE, KALILI DUEL REACHES PEAK TONIGHT

## Champions Will Meet In Two Events At Waikiki War Memorial Pool

(Continued from Page 1)

They will depend a great deal on which man is able to recuperate fastest from the effects of the 400 meters.

There are five international events on the program this evening, and these events will decide the winner in the duel between the Meiji and Yale University teams. Two sets of points are being kept on the meet, one on the dual meet between Yale and Meiji, and the other giving the points of the entire meet scored by Yale, Meiji, Hui Makani, Los Angeles Athletic club, All-Hawaiian team and New York Athletic club.

The other international events listed tonight are the 400 meters backstroke, in which Kalili is favorite, the 50 meters freestyle and the 300 meter medley relay.

Four new records were established during Friday night's program and a 1930 mark was hung up for the 300 meter junior medley for men. Two of the records, the one made by Crabbe in the 800 meter freestyle and Hui Makani's time in the 800 meter relay, were the best ever recorded anywhere in these two events.

### 2 American Records

Neither is listed with an American record on the record books and so the local committee will make application for new American records.

The 800 meter freestyle race, in which Kalili and Crabbe were the principal contestants, was the most attractive event on the program as far as the spectators were concerned. It found the two great mermen battling on almost even terms every inch of the way.

They were even up to the 700 meter mark and swam neck and neck down the last 100 meters until they were about 30 meters from the finish. Here Crabbe opened up and pulled about half a yard ahead. He held this lead until six yards from the finish when he hit even a faster stride and finished the race a yard ahead of the Hui Makani star.

Crabbe's time was 10 minutes 15 2-5 seconds while Kalili was clocked just two-fifths of a second behind him. The race was a most thrilling one from start to finish and the 3500 fans who attended the meet cheered madly as the swimmers splashed down the home stretch.

The surprise of the race was that in spite of the fact that the two men got off a steamer on Wednesday after a seven day trip, both made better time than they recorded in the half mile at the national championships. Takemura of Meiji university battled all the way in this event but finished about 20 yards behind Crabbe.

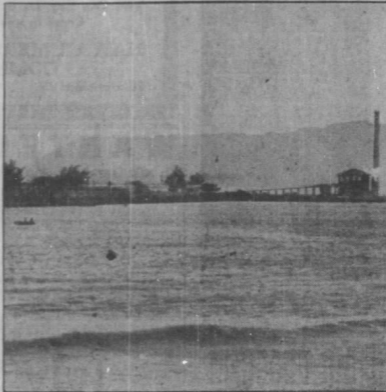

Yale university backers had a chance to cheer in the 400 meter breaststroke event when N. W. Millard of Yale, intercollegiate breaststroke champion, upset the dope by defeating Tsuruta of Meiji, the Olympic champion.

### Sets a Fast Pace

Millard set a fast pace at the start and many feared that he would tire and not be able to hold his lead. He kept going, however, and despite the fact that Tsuruta fought almost to the point of exhaustion he could not overtake the Yale star. Millard's time was 6 minutes 22 3-5 seconds.

Souza, Hui Makani swimmer, again showed his class by taking third place in the breaststroke, being close behind Tsuruta.

Another thrilling race was the

final event of the evening, the 800-meter relay. Yale, favored to win or at least take second in this event, had to be satisfied with a third place. Coach Bob Kiphuth can blame Sata of Meiji for robbing him of this second place.

Starting about six yards behind Yale to swim the last 200 meters for his team, Sata gave a great demonstration of fight and swimming ability by overtaking Leedy of Yale on the home stretch to finish only about two yards behind Maloia Kalili, Hui Makani's anchor man.

Sata swam much the same kind of a race he did in the 200-meter event the night before, his reserve strength for the last 20 yards making it possible for him to pass the Yale man. Sata was gaining on Kalili during the last part of the race.

### Does a Fast Lap

The All-Hawaiian team finished a poor fourth. Credit should be given Bud Crabbe and Sam Kahanamoku for their good work, however. Crabbe was timed at two minutes 20 seconds for his lap, very fast time.

The 100-meter freestyle international event was closely contested all of the way, with Manuella Kalili of Hui Makani pulling ahead during the last 50 meters. Kalili finished with a comfortable margin over Butler and Brines of Yale, who finished second and third respectively. Johnny Woodd, another Hui Makani boy, was fourth and Captain Howland of Yale was fifth.

The other international event on the program was the 200-meter backstroke, won by Maloia Kalili in the very fast time of two minutes and 39 seconds, less than two seconds behind the world's record. Kalili showed clearly that he outclassed the others in this race. He pulled ahead at the start and held the lead throughout the race.

Takemura of Meiji, who replaced Sata at the last minute, finished second and Kapua Harris of Central "Y" was third. Anderson of Yale was fourth, Tom Ling of Nuuanu "Y" fifth and Cahill of Yale sixth.

Muriel Swift of the Women's Swimming Association of Hawaii again demonstrated that she is a comer in the swimming game. She won the 50-meter backstroke for girls under 13 in 47 seconds, clipping five seconds off her own record. She was only one second slower than the winner in the boys' race.

Olga Clark, sensational Outrigger Canoe club swimmer, cracked another Hawaiian record when she swam the 100-meter backstroke for girls under 16 in one minute 35 1-5

seconds. She held the old record of one minute 36 3-5 seconds.

Mickey Reilly of the Los Angeles Athletic club again thrilled the spectators with his sensational dives from the 10-foot springboard and the 30-foot tower. Clinton Leigh, the 3½-year old youngster who gave exhibition dives Thursday night, appeared again last evening.
