

Annual Meeting of The A. A. U. At Central 'Y' This Evening

Election of Officers Chief Item of Business; Preliminary Survey Shows That A. A. U. Has Had a Very Successful Year; Organization Strong Financially

Twenty clubs have renewed their membership in the Hawaiian Association of the A. A. U. and will be represented at the annual meeting of the organization to be held at the Central Y. M. C. A. at 7:30 o'clock this evening.

Election of officers, members of the registration committee and delegates to the national meeting will be the chief item of business. There will also be reports of various committees showing the progress of amateur sports during the past year. The largest of these reports will probably be on swimming and amateur boxing, the two sports in which there was most activity.

Preliminary survey of the year shows that the A. A. U. is in a very healthy financial condition, every event sponsored by the organization being a success. This is considered exceptionally good in view of the large expenses necessary in handling such big events as the international swimming meet and the sending of a team of amateur boxers to the national championships at Boston.

It is very likely that the present

officers of the A. A. U. will be re-elected at tonight's meeting. During the regime of the officials who are now in charge of the organization A. A. U. activities have been conducted smoothly and very successfully.
