Mr. and Mrs. Beaurepaire came to Honolulu on the Aorangi which ar-rived Thursday evening. It was too late for a swim on the day of their arrival, but Friday they were in their bathing suits out on the beach. "Dad" Center, their old friend, was

with them, and took them out a ride in an outrigger. It was Mr. Beaurepaire's birthday, and he was very happy to be able to celebrate it in a manner so agreeable to him.

Frank Beaurepaire is the veteran or four Olympics, and was at one time the holder of 14 world rec-ords. His first appearance in a great international contest was in the 1908 Olympic games which was held in London. Latest thing at Waikiki is a ne type of surf board. The board is manufactured by the Swastika manufactured by the structures Surf Board Co. of Los Angeles. They are thicker, lighter and more buoyant than the old type of board due to the fact that they are hallow inside. The new boards come in many patterns.

alternate strips of redwood and white pine. Mainland manufacturers can sell these boards at Waikiki less than a surf board can be made in the islands. It is amusing that these boards are probably superior to the old Hawaiian boards. Waikiki with her surf boards manufactured in Los Angeles will be like Egypt like Egypt with her scarabs manufactured Connecticut
