

PRIVILEGE OF TANK IS GIVEN TO CLUBS

It has been decided to allow the alumni of Punahou and members of large outside swimming clubs to use the new tank at Punahou. Both the members of the alumni and the clubs will be given cards, which must be signed by Mr. Howland before they will secure admittance to the tank. The club members in addition must be recommended by the presidents of the clubs.

When the tank is used for a swimming meet a charge will be made. This is to be from 25 per cent of the gross proceeds when the meet is a large one, down to 15 per cent of the proceeds in case the meet is not a money-making proposition.

The first club to make use of this opportunity will be the Woman's Auxiliary of the Outrigger Canoe club, who will hold their fourth Hawaiian swimming meet for women in the Punahou tank on March 18.
