
Two Local Swimmers Return From Coast

Gay Harris and Lorrin Thurston, both of them well known local swimmers and members of the Outrigger Canoe Club, returned yesterday morning from the mainland on the Matsonia. Harris is a member of the Outrigger relay team which established the world record for the 600 yards; while Thurston is also a fast sprinter. Thurston was in the Islands last summer as a member of the Yale swimming team, and since fall has been attending the University of Missouri School of Journalism. Harris has been in the States for a vacation.
