

Locals Are No Match For The Cape Town

The Honolulu United soccer team was more or less smothered at Makiki Field yesterday afternoon when it moved in on the Capetown delegation. When the smoke of battle had cleared away the casualties showed 6 goals for the visitors and a glaring blank for the locals. The game was hard played, but as can be seen from the score, rather one sided.

Earlier in the afternoon Palama broke into the soccer limelight with a bang by defeating the Youths team from the Capetown two goals to none in a scrappy and well contested affray. This is Palama's first real participation in the game and probably foreshadows intensive activity in the association game.

Today, at 3 o'clock the last game of the series for the E. O. Hall trophy will be played at Makiki Field. The Stokers will play the Communications and Daymen of H. M. S. Capetown. The Stokers recently defeated the Seamen and the C. & D. team won from the Marines. This game will decide the ship's championship. The Stokers, on account of the splendid play they made against the Seamen and the quality of that game, are more or less favored to win by the local fans.

On Monday the Capetown's first team is to play a picked organization of players from the local clubs. This game is to take place at 10 o'clock in the morning at Makiki Field. The lineups are as follows:
