DOZEN TEAMS EXPECTED TO ENTER COMMERCIAL BALL RING HUMMING

Things are beginning to buzz in the local baseball world again and the Honolulu Commercial Baseball League will hold its first meeting of 1922 in the Honolulu Sporting Goods Co. store at noon next Wednesday.

There were 14 teams in the circuit last year and this season several more have already been mentioned as possible entries. The teams in the league last year were Lewers & Cooke, Rapid Transit, Standard Oil, Liberty House, Hawaiian Pines, Hawaiian Electric, Oahu Railway, Honolulu Construction, Alexander & Halpin, Honolulu Iron Works and Mutual Telephone. Besides these Libby, McNeil & Libby and the Bank of Hawaii are said to want an entry this year.

Its games. The league this year hopes to finish its schedule prior to the opening date of the senior league.

Representatives of all teams which plan to enter the circuit must be present at the meeting next Wednesday noon when important decisions with regard to the season will be made.

FANDOM AGOG OVER COHEN-SIMONE TILT

Fandom is agog over the prospects of Danny Cohen and Kaye Simone meeting tonight in the main event of the Schofield Athletic club smoker at the Island post. Both these topnotchers of the glove-dealing business have a host of followers among the local fans and the fact that each boxer represents different branches of the service here will cause much stress to be laid on the outcome.

The artilleryman's appearance on the pugilistic horizon in the local sport world has been rather expeditious and he has gained somewhat of a reputation in the minds of the more ardent followers of the roped arena. In his recent appearance at Pearl Harbor, Simone was the aggressor throughout his six round affair with his more experienced opponent, Kid Lawrence of the navy. He was given a draw at the conclusion of the affair despite the fact that he obtained the only knockdown and finished on this occasion like he had started on his toes.

WANT EVERY MEMBER TO GET NEW MEMBER

By LEROY BLESSING

If you want to be a model member of the Honolulu Automobile club contribute your share to the success of the undertaking being started to have each member secure a new member this year. Do not wait until the year is gone, but bring in your new member at once.

All further growth of the Automobile club means large benefits to the members and more good to the city. No other organization is doing the things accomplished by this association and it fully deserves the support that is being accorded it. The club emblem on a driver's car shows that he stands for a complete observance of the traffic regulations and all that is clean in motor operation.

BUICK PRICE SLASH ANNOUNCED BY V. H. Y.

Reduction in the price of Buick cars was announced this week by the von Hamo-Young Co., local agents for this machine.

The new prices, giving the terms price first and the cash price second, are as follows:

Six cylinder roadster, \$1745 and \$1655; six cylinder five-passenger touring, \$1775 and \$1725; six cylinder seven-passenger touring, \$2185 and \$2135; four cylinder roadster, \$1290 and \$1170 and four cylinder touring, \$1235 and \$1185.

"The Buick has cut the price but not the quality," declared W. McCullough, of the sales staff, when announcing the cut in price.

"These are extremely low prices when you consider the build quality that goes with these reliable cars. Give the Buick a test and you will ride in none other," he added.

HUDSON AND ESSEX CARS SLICE PRICE

Announcement of the reduction in price of the Hudson and Essex cars was made by the Schuman Carriage Co. last week. The new price of the Hudson is \$2125, while the new price of the Essex is \$1445.

All the old qualities that produced the record of these two cars are retained under the wonderful new prices. Refinements and perceptions have been added that make the Essex and Hudson cars the most desirable on the market," said Walter Beall, manager.

Recently the Hudson for a second time defeated all comers in the

AUTO CLUB'S MANAGER REVIEWS ACTIVITIES OF BODY DURING 1921

New Year Promises to Be Most Eventful and Prosperous in Club's History

By LEROY BLESSING (Manager Honolulu Auto Club)

The coming year promises to be the most eventful and prosperous in the history of the Honolulu Automobile club. The accomplishments of the year just closed have amazed the most enthusiastic officers and members of the organization and the system now thoroughly established will insure a degree of service during the coming 12 months that will surpass anything heretofore attempted by the association.

During the year 1921 over 400 new members were added to the Automobile club membership list, more than doubling the enrollment in that short period. During that time the free first-aid service was established, the club attorney employed, permanent headquarters with a full-time manager and full-time trouble shooter engaged. Even with the original small membership the club filled a place in the community but with the additional income provided by the increase in members a much larger field was covered and as a result a club card brought to the holder a vastly improved service and the organization gave to the community its aid and assistance in every matter looking to the betterment of traffic conditions and the greater safety of the people.

Big Increase Think of an increase of 400 in a club's membership in the period of
