THE A.A.U.

At the regular monthly meeting of the Hawaiian association of the A.A.U., held in the chamber of commerce rooms at the Kanikeolani building last night.

Little business was transacted due to the fact that only four members were present.

W. H. Meinecke, vice-president of the association, opened the meeting.

Reports were read by E. Fullard-Leo, secretary of the association.

A change was made in the program of the Washington swimming meet placing the 100 yard men's breast stroke after the 100 yard men's novice breast stroke. As originally placed, the open breast stroke would take place just before the surf-board race. Some of the men wanted to enter both events.

The Lewers and Cooke trophy for the 400 yard girls' relay will not be competed for. A clause which went with the gift from Lewers and Cooke stated that the trophy should be used only once during the calendar year, and this is the third big swim within 18 months. The Outrigger girls already have two legs on the trophy which goes to the third successive winner.

It is possible, however, that the American Factors' trophy for the men's event will be used, in that it will not be actually given away for 12 years.
