PLENTY OF SWIM MEETS TO COME DURING SUMMER

Women's Auxiliary As Well As Palama and A. A. U. to Stage Immense Splashes

Swimming fans can look forward to a summer filled with aquatic meets at which some excellent outside talent will probably be in evidence.

The Women's Auxiliary of the Outrigger Canoe club has asked the Hawaiian A. A. U. for sanction for a tank meet to be held late in May or early in June. Some time ago Palama Settlement asked for a sanction for a meet to be held in Punahou tank about that time. Palama and the Women's Auxiliary have been asked to get together and arrange dates which will not clash.

Besides that George "Dad" Center, president of the Hawaiian A. A. U., has been approached by the folks behind the Mid-Pacific Carnival planned for July 4 with a view to staging a big open water meet in the harbor in July to which some strong outside talent could be invited.

The Women's Auxiliary has requester that if possible a couple of Australian stars, Andrew "Boy" Charlton included, be invited to participate in their meet and later take part in an open water meet.
