ISLAND STARS INVITED TO OSAKA MEET

Question of Harris Going On From Manila to Japan Before Gathering Friday

Wild Bill Should Make Big Cleaning in Such a Meet Against Oriental Sharks

By MIKE JAY

Hawaiian athletes have been invited to participate in the Far Eastern international Olympic games to be staged in Osaka, Japan, commencing May 21 and there is a possibility that W. W. Wild Bill" Harris, Outrigger Canoe club s wimmer may represent the islands in the meet. It was planned by Harris to spend some time in Manila following his Australian and New Zealand tours and so to send him on to Osaka, Japan, for the Far Eastern games would not cost a great deal and would certainly bring Hawaii before that section of the world because it is almost certain that Harris would clean up in the Far East. The matter of the invitation and the possibility of the Harris trip will come before the meeting of the Hawaiian A. A. U. Friday noon in the Central "Y."

It is not likely that at this time Hawaii would send any other athletes to the Far Eastern Olympiad. But it is felt that with Harris being so close it would greatly cement athletic relations between the Orient and Hawaii by having Harris compete under island colors. China, Korea, Japan and the Philippines are entered in the Far Eastern games.

Other Matters

Several other important matters are scheduled to come before the meeting Friday.

One of these is the application for admission to the Hawaiian A. A. U. of the recently organized Kauai Athletic club. If the club is allowed in it will mean that all of the four big islands will be represented, Maui and Hawaii having come into the Hawaiian A. A. U. some years ago.

Piercy H. Nottage promises a report of the basketball year for the meeting and a report is expected on the Hui Makani swimming meet held last May.
