CENTER DRILLING CREWS FOR FAIR

George "Dad" Center, captain of the Outrigger Canoe club, is drilling his surfboard riders and canoe steersmen for Saturday, when the big benefit Outrigger club fair will be held at the club grounds.

The fair will sell cakes and pies and other foods, but the surfriding and canoe steering members will also have their tasks. They will be mobilized under Center's direction, and everybody who wants canoe rides or board rides will get them at so much a head. The money so obtained will go toward the fund which the fair is endeavoring to raise to wipe out the deficit that faces the club.

In the evening there will be a dance, and Dude Miller's orchestra will perform. Tickets for the fair are reported to be selling in great fashion.
