CENTER ASKS ALL SURFERS TO SHOW

George "Dad" Center, captain of the Outrigger Canoe Club, wants every surf rider and canoe steerer to be at the club tomorrow afternoon to assist in making the big fair a success.

"The women and those men who do not surf are making the booth and show end of the fair a success and it's up to the surfing bunch to show that they can hold up their end of the program," said Center today.

"I want all the surfers and the canoe steerers in the club to be out tomorrow to help in making that end of the fair a rattling success.

"I only hope we have pretty good surf so that the patrons of the club will get a real thrill and the way it looks today I guess the surf will be pretty good tomorrow."
