Variety of Events and Talent to Make Women's Meet a Feature Affair

Service, Civilian and Other Entries Are in Training; Visiting Maids Will Come From Islands

THE Games committee of the Fifth Hawaiian Swimming meet has all the details of the event well in hand as evidenced by the reports of different committees at the meeting held Tuesday afternoon. Everything is going along smoothly—the clubs are putting in their best swimmers and some records ought to be smashed as there are many Hawaiian championships to be competed for.

The interest shown by every organization connected in any way with swimming has been most pleasing to those who have worked to make this sport popular. Everyone shows a disposition to work to make the Fifth Hawaiian Swimming Meet for Women one of the most successful in every way. There are enough Hawaiian championships sprinkled through the three evenings to make it worth while for the clubs to enter their best swimmers, and yet those who have not yet reached the top have plenty of events in which they can compete. The Junior events make a place for the "between" swimmer who has already placed in the Novice events and so grown out of that class and who is trying for the next step.

Service Keen

The Service through the Navy, the Army, and the Marine Corps are evincing keen interest and the Service Relay should be a big event. Capt. Larkin of the Marine Corps seems confident that he has some good men to enter, and Coach Lidga for the Honolulu sector of the Army has some encouraging things to say about his entries.

Davies & Co. are putting up a cup for the Sector of the Army winning the most points at the meet. This cup must be competed for annually and will become the property of the sector winning it three times.

Although the 300 yards Men's Club Relay is not a championship event, it will be a big feature of the meet. The Women's Auxiliary of the Outrigger Canoe Club has put up a cup for this event under the same terms as the Davies cup for the Army. This will put the 300 yards relay on as an annual event.

The public schools are developing some good swimmers, although many of their best girls are already swimming for clubs which are affiliated with the A. A. U. and so are barred from competing for their schools.

Sisters Compete

Christine Laird is to enter for the 50 yards Women's Junior and also for the plunge. Christine has made over 52 feet in practice. She will also go in for the Novice Diving. Pauline Laird (Central Grammar) will go in for the 50 yards public school girls for which event Mrs. Fullard-Leo offers a cup annually. McKinley puts in a team which it expects will win the public school relay again this year.

Maui has asked for five entry blanks and may be sending others besides the three girls already mentioned. With Rosalie Abreu, Patsey Lougher and Louis Dubois, Maui would be well represented and interest is aroused as to who else is coming down from the Valley Isle. No further word has been received from Kauai as to the girl swimmer expected from there.

Tickets for the three evenings of the meet are now on sale at Dawkins Benny Co., 1112 Fort street.
