

Punahou Tank Rental Is Fair, Women Assert

REFUTING an inference in the afternoon paper that the price of \$50 a night charged for the Punahou tank is exorbitant, and indicating that the Saturday night swim meet is to be held by the A. A. U. the chairman of the Women's Auxiliary of the Outrigger Canoe club issued a statement last night in which she stated that the financial arrangements concerning Punahou tank are eminently satisfactory; that the meet is not being held by the A. A. U., but instead by the Auxiliary; that no charge is being made for the Friday night use of the tank; and that there were no grounds for the statement in the afternoon paper.

In other words the Auxiliary denies that there is any dissatisfaction over the financial arrangements between Punahou and the Auxiliary.

"We consider ourselves lucky to secure the assistance of Punahou and have no complaints to offer," said the chairman. "Any statement or inference to the contrary was not authorized by this organization."
