

JUDGE STEINER TO START POLO

Judge Harry Steiner, recently appointed chairman of the water polo committee of the Hawaiian A. A. U. is laying plans for the inauguration of a regular water polo series during the three weeks between now and April swimming meet.

The water polo series completed Thursday night was in the nature of a practise affair but the coming series will be for the island championship and it is probable that the final game will be played as part of the April tourney in the harbor.

At present there are but three teams in the league, namely, Out-riggers, Hui Nalus and Hui Makanis but an effort will be made to dig up a fourth team. The game appears to have "taken hold" and larger and larger crowds turned out for the practise series.
