

# OUTRIGGER FAIR IS LARGELY ATTENDED

---

## Club Exchequer Considerably Enriched by Sales at Booths

---

Members of the Outrigger Canoe Club rallied to the support of the treasury yesterday and gathered in several hundred shekels at the club fair. In attractively arranged booths feminine members of the organization sold candy, pies, delicious baked beans and brown bread, salad, sandwiches and beverages. Everything sold at the delicatessen counters was homemade and the morning supply was replenished several times during the afternoon.

It was a taxation afternoon and every member of the club who went swimming or surfing donated to the club funds. In the evening there was dancing, and throngs of young people flocked to the club lanai, where they danced until midnight.

Those who were in charge of the fair were well satisfied with the results. There was entertainment for young folks and old, and the Hawaiian band with its musical program contributed towards the afternoon's entertainment.
